## PREFACE.

---

The General Association of Connecticut, at its meeting in Rockville, June 21, 1887, appointed Messrs. E. B. Hillard, J. H. Twichell, and F. S. Hatch a committee to ask the General Conference to publish the manuscript Minutes of the General Association, a copy of which is deposited in Memorial Hall.

At the suggestion of this committee, the General Conference, on the 9th of November following, passed this resolution at its meeting in Middletown :

*“Resolved, That it is desirable that the unpublished records of the General Association of Connecticut be published ; and it is hereby ordered that they be published under the superintendence of a committee to be appointed by the General Conference, in such way as it shall provide ; and that a copy of the minutes so published be furnished to every Congregational minister, and every Congregational church in the State.”*

Messrs. Lavalette Perrin, William DeL. Love, Jr., and Charles H. Clark, were appointed a committee to execute this resolution.

This committee in consultation agreed upon a literal transcript of the records, retaining as much as possible the peculiarities of the times as indicated by the record book itself, and assigned the labor of preparing for the press, and executing the details of publication, to their chairman.

The result is given in the volume now presented to the churches, and only a few words of explanation are called for in this connection.

Any one who has made the attempt will understand the difficulty of transcribing ancient documents, so as to retain the peculiarities of spelling, punctuation, and capitals, with other unique items which give the flavor of antiquity to the text, and pay no deference to modern grammatical rules.

As far as possible the editor has endeavored to retain the appearance of the old record book in this volume.

The Notes, the Index of names, and the Index of topics, are the result of no little care and labor on the part of the editor, and of course are no part of the original Records as found in the Book, but are added to render the volume more available for reference.

While there will be found some errors and defects in the book, it is hoped they are not so numerous or serious as to hinder its usefulness, or provoke needless criticism.

The reader who has the candor to place himself in the circumstances of the actors, will look in vain through these records for marks of such bigotry as some have attributed to our fathers. On the contrary, the circumstances being duly considered, a sincerity and nobility of character mark the doings here recorded, for which all candid readers will be thankful to God, who gave us such an ancestry.

The churches of the State are indebted to a few liberal individuals and churches, for the means with which to place these records within the reach of all who desire to consult them. The money thus freely given may be regarded as a tribute to the memory of the fathers, and a boon to coming generations.

LAVALETTE PERRIN.

This Association from what the particular members find among their own people, & from what they hear from Divers parts, being persuaded that there is great reason of thankfulness to God for an Extraordinary revival of religion in this Land, and being sensible of the great necessity of union, Zeal & Diligence in the ministry in order to further & carry on that great & good work, Voted to reccommend it to the particular Associations to keep up frequent Lectures in their respective parishes, and to interchange their Labors & help with one another for their mutual assistance and encouragement.

And it appearing to us of great Consequence to keep up & maintain a union in their Sentiments in the great Doctrines of Religion, in order to their living Charitably and with Brotherly affection and to prevent hard thoughts & hasty Censures one of another, Voted to Recommend it to the particular Associations to be very free to enform each other of their Sentiments in the great doctrines of Religion, and to endeavor to know whether they are in the same way of thinking on the Calvinissticall Doctrines and particularly on the Doctrine of Justification, and the nature of Conversion

and Regeneration; and that they be free in Conversing together on Experimentall Religion and be agreed how far the Christian law of mutual forbearance and Charity ought to extend with respect to these matters. And 'tis desired that the thoughts of each particular Association and the method they shall come into the practice of hereupon, be communicated to the next General Association, in order to a union as far as possible on these heads.

Voted to be recommended to the particular Associations to take it into their Serious Consideration whether there ought not to be more weight laid upon the matters transmitted to them from the General Association than has been usually done heretofore, and whether if due Care was taken about these matters and in attendance upon the meetings of the General Association that might not be more useful and Servicable to the great end of its agreement or Constitution.

The Meeting was opened with Prayer.

This Gen<sup>l</sup> Association after humble addressing ourselves to God for his blessing upon us, and Direction to be given us in all our Consultations, Being of opinion that the God of all grace has been mercifully pleased to Remember and visit his people by Stiring up Great Numbers among us to a concern for their Souls, and to be asking the way to Zion with their faces thitherward, Which we desire to take notice of with Great Thankfulness to God the Father of Mercies.

Being also of the opinion that the great Enemy of Souls who is ever ready with his Devices to Check Damp & Destroy if possible the Work of God, is very busy for that purpose, We think it our duty to advise & Entreat the Ministers & Churches of the Colony, and recommend it to the Severall Associations to Stand well upon their guard in Such a day as this is That no detriment do arise to the interests of our great Lord & Master Jesus Christ —

Particularly that no Errors in Doctrine whether from among ourselves or foreigners, nor disorders in practice do get in among us, or tares be sown in the Lord's Field.

That seasonable and due testimony be borne against such

Errors & Irregularities as doe already prevail among some persons, As Particularly the Depending upon & following Impulses & impressions made on the mind as th'o they were immediate Revelations of Some truth, or Duty that is not Reveal<sup>d</sup> in the Word of God — Laying too much Weight upon bodily agitations, Raptures, Extacies, Visions &c — Ministers disorderly intruding into other Minister's parishes — Laymen taking it upon them in an unwarrantable manner publicly to teach and Exhort — Rash Censuring & Judging of others —

That the Elders be careful to take heed to themselves & Doctrine that they may save themselves and those that hear them; That they Approve themselves in all things as the Ministers of God, by Honor & dishonor, by good Report & evil Report, that none be Lifted up by applause to a vain conceit, nor any be cast down by any contempt thrown upon them to the neglect of their work: And that they study Unity, Love and peace among themselves. — And farther that they Endeavour to heal the unhappy Divisions that are already made in Some churches: and that the like may in the future be prevented.

That a just defference be paid to the laws of the Christian Magistrate: lately made for the Suppression of Disorder

That no countenance be given to such as trouble the Churches, who are according to the Constitution of our Churches under Censure, Suspension or Deposition, Whiether for Errors in Doctrine or Life.

Humbly praying that our Great lord & Master, Jesus Christ who is head over all things to his Church will preserve it in purity & peace: That he will go on Conquoring & to Conquer Till not an Enemy to his Holy Truth & Ways shall be left among us, And that the Lord's Kingdom may come & his Will be done in Earth as it is in Heaven —

Voted that the next Meeting of the General Association be at Fairfield At the Rev. Mr. Noah Hobarts on the Third Tuesday of June next at Eleven a Clock Before Noon.

Unanimously voted by the association,

Test Benja: Colton Scribe.

The meeting was opened with Prayer. This General Association are of opinion that altho'; as it was observed by the Gen<sup>l</sup> Association Last year that God hath been pleased graciously to visit his people &c Yet thro' the Subtle Devices of Satan and the great Corruption there is in the hearts of men and the Enmity there is in them against Religion in the power & purity of it, there are diverse things w.<sup>ch</sup> have a threat'ning aspect on the Interest of Religion in Gen<sup>l</sup> in the Land and in this Government in perticular for the Removing and preventing of which we Recommend it to the particular Associations that they be very careful

1. that the true and great Doctrines of the Gospel agreeable to our Confession of faith be maintained & preacht up,

against the Arminian Antinomian and other errors: and that special Care & pains be taken with our youth to Instruct them in the principles of our holy Religion and articles of our faith.

2. to maintain the credit of the ordinances of the Gospel Especially the word of God contained in the holy Scriptures as the outward and ordinary means of Salvation.

3. to maintain the order & Government that Christ hath Established in his visible C'h, and that they do not countenance any breaking in upon it: By persons Departing from or neglecting the Worship and Communion of the assemblies and churches to which they belong on a supposition of the ministers or many of the members being unconverted, or in cold dead frames

or by ministers and churches Receiving to Communion those that are under Censure in the Churches to which they belong, .

or by ministers going into other minister's parishes and preaching or administering the Seals contrary to the mind of the settled minister of the place

But that they preserve a steady discipline and bear a proper testimony against all imorallities and Impieties yet with such patience & meekness as the nature and circumstances of the cases Require.

And we would Recomend it to our Brethren in the ministry as of great importance to the advancement of the Interest of Christ that they take heed to themselves that they be examples to their flocks in all holy cenversation and godliness.

The Convention was open'd w<sup>th</sup> prayer and the following  
Resolves and Conclusions were unanimously come into.

Viz: 1. That — Whereas at all times but more Especially  
at this time Sundry persons Unjustly disaffected to and  
prejudiced against Either the minister or Ch; or both to  
which they belong under the Influence of Such disaffection  
withdraw from their worship & Comunion; and allthough  
as yet they are under no Censure, Yet we think that other  
ministers & Ch<sup>s</sup> receiving such disaffected persons to  
privileges Serves to Incourage and Strengthen them in their  
unjust disaffection & unreasonable Separation w<sup>ch</sup> to pre-  
vent it may be proper that the minister by himself or in  
Conjunction with some of the Brethren of such C<sup>h</sup> from wh<sup>ch</sup>  
there is such separation Write to the minister or ministers  
of such C<sup>h</sup> or Ch<sup>s</sup> to w<sup>h</sup> the afores<sup>d</sup> disaffected members  
repair for privileges and in a Brotherly & kind manner  
represent to them the true State of Such members & Ch<sup>s</sup>  
desiring them to discountenance & prevent Such Separations,  
and in case a minister or ministers so Informed and applied  
to shall still receive & incourage such persons that then the

Complainant Lay the matter before the Association to w<sup>ch</sup> that minister doth belong that so the Association deal w<sup>th</sup> him as the nature and circumstances of the case doth require. And Inasmuch as we Judge that such Separations countenanced as aboves<sup>d</sup> is the source and original of much difficulty and a practice big w<sup>th</sup> many mischiefs we earnestly recomend the affair to the perticular Associations that in this or some other way they provide against so great an evil that may be by divine blessing soon & easily prevented or cured. And that ministers should be very cautious of entertaining such dissaffected persons & of hearing & countenancing their reports of or against their ministers & Ch<sup>s</sup>.

2. Whither a minister or a number of ministers Entring into any Established parish in this Government & there Gathering a C<sup>h</sup> of members that had before disorderly separated themselves from the C<sup>h</sup> to w<sup>ch</sup> they belonged, and some of them actually under Ecclesiastical censure, be not matter of offence.

Voted in the Affirmative

3. Whither to require persons perticularly to promise to walk in comunion w<sup>th</sup> this Ch of Christ into w<sup>ch</sup> they Seek admission conscienciously attending and up holding the Public worship of God in this place till regularly dismiss<sup>t</sup> therefrom be a hard or unreasonable term of Comunion.

Resolve in the negative.

And we think it not Advisable to admit a person to Comunion that refuses to Submit to the abovementioned terms.

But Insists on being at Liberty to go to other places when and where he pleases to attend the public worship & ordinances

4. Whither Males in full Comunion being under the age of 21 years have right to vote in C<sup>h</sup> affairs?

Voted that this question be refer'd to the perticular Associations for their Resolves upon it, to be sent in to the next Gen<sup>l</sup> Association.

Voted that the next Gen<sup>l</sup> Association be at Newington in the County of Hartford at the Rev.<sup>d</sup> Mr. Backus's on the

third Tuesday of June next at eleven of the clock in the forenoon.

The Meeting was opened with Prayer and the following Resolves were come into.

Whereas there has of late years been many Errors in Doctrine, and Disorders in Practice, prevailing in the Churches of this Land, which seem to have a threatening aspect upon these Churches; and whereas Mr. George Whitefield has been the Promoter, or at least the Faulty occasion of many of these Errors and Disorders, this Association think it needfull for them to declare that if the said Mr. Whitefield should make his progress thro' this Government, it would by no

means be advisable for any of our Ministers to admitt him into their Pulpits, or for any of our people to attend upon his Preaching and Administrations.

Voted in the affirmative.

This Association apprehending that Ecclesiastical Discipline has been greatly neglected in our Churches and that the Revival of it, & keeping of it up, is of great Importance to the Welfare of the Churches, would Recommend it to the several particular Associations to consider whether it be not Needful for them to Endeavour to revive and keep up a strict discipline in our Churches according to the Order of the Gospel.

Voted by this Association that it be recommended to the several particular Associations to consider whether it may not be a good expedient to prevent Difficulty in the Management of Discipline in our Churches, that whenever any of the Members of our Churches remove their habitation from one Town or Parish to another, that they be actually dismissed or recommended from the Church from which they remove, in Order to their being taken under the Care and Watch of the Church to which they remove.

This Convention was opened by prayer and the following Resolves were unanimously come into viz :

That it be recommended by this Association to the Several particular Associations in the Colony to consider whether it is not a very proper thing for the Ministers of this Government unitedly to make a Sutable Address to his Majesty, our rightfull Sovereign King George on the occasion of the present war — the Rebellion at home, the Success of his Majesty's Arms in the reduction of Cape Britton, and elsewhere, as well as on the expedition against Canada.

It was proposed, whether the pretence of better Edification be sufficient to Justify persons in their withdrawing from a Particular church to which they belong ; either from the Communion or public worship of the Same, or both, and for their attending either Statedly in other Churches where they pretend they can be better edified.

Resolved in the Negative.

The Rev. Mr. Henry Willes pastor of the 2<sup>nd</sup> Church of Christ in Norwich represented to us the State of the Church with them, That a long time hath passed since the Sacrament

of the Lord's Supper was administered, and that he the s<sup>d</sup> Mr. Willes & brethren attending his ministry, having pursued all measures that have been prescribed to them by the last Council to accomodate their differences, and desiring our advise whether it be Convenient for him to administer the Sacrament of the Lord's Supper to those of his Church that are meet & willing Communicants,

Voted in the Affirmative, and according advised that the Rev. Mr. Willes administer the Sacrament of the holy Supper.

The question was put whether a Complaint by any member or members of a Church against a Number of the Same Church (th'o y<sup>e</sup> Major part of s<sup>d</sup> church of which the Complainant or complainants are Members) for Scandalous violation or violations of any rule or rules of God's word, may and ought to be exhibited to the Pastor of s<sup>d</sup> Church in order to be communicated for their Consideration & determination?

Voted in the Affirmative.

It was proposed whether the Persons complained of as afores'd ought to be allowed y<sup>e</sup> priviledge of voting in their own Case in any Church-meeting at which they are Called to an account for their misconduct?

Voted in the Negative.

Voted that the next meeting of the General Association be at the Rev.<sup>d</sup> Mr. William Worthington's of Saybrook, if he is willing to receive it — otherwise that it be at the Rev. The Convention was opened with prayer, and y<sup>e</sup> Ques<sup>n</sup> being put, whether it be agreeable to Gospel order for y<sup>e</sup> members of particular Chh<sup>s</sup> to attend upon y<sup>e</sup> Sacrament in y<sup>e</sup> chh or chh's to which they belong, Generally at other times to worship in other Societies although regular and Established —

This Case as to Substance hath been resolved already, by y<sup>e</sup> General Association June 19 A. D. 1744, as may be seen by the records of y<sup>e</sup> s<sup>d</sup> Association — and we think that Those persons are offenders and to be Dealt with as Such, who although yy attend y<sup>e</sup> Sacrament in y<sup>e</sup> chh or chh's to which yy Belong yet at other times make a Practice of withdrawing from y<sup>e</sup> worship of y<sup>e</sup> Same, Excepting the Circumstances of Cituation do make it more convenient to attend y<sup>e</sup> Divine worship else where ; and even in that Case we think it Disorderly to withdraw as affore<sup>sd</sup>, without the Consent of y<sup>e</sup> Church.

Whereas we understand y<sup>t</sup> y<sup>e</sup> Book of Discipline and Confession of faith agreed upon at Saybrook are Scarce in our Chhs, and that y<sup>e</sup> Secretary hath a Number of y<sup>m</sup> in his Custody (which is at his Dispose) we desire y<sup>e</sup> Rev. Mr.

Chalker of Easbury in y<sup>e</sup> name of this Association to apply to him for, receive and divide y<sup>e</sup> same in y<sup>e</sup> several Counties in this Colony, and send y<sup>m</sup> as soon as may be, and we think it advisable that one of s<sup>d</sup> books do always accompany y<sup>e</sup> Book of records of y<sup>e</sup> several Associations, That it may be always present in y<sup>e</sup> respective Conventions to be used upon occasion,

Voted that y<sup>e</sup> next Meeting of y<sup>e</sup> Gen<sup>l</sup> Association be at y<sup>e</sup> Rev. John Goodell's at Fairfield if he is willing to receive it, otherwise that it be at y<sup>e</sup> Rev. Mr. Hunn's at Reading on y<sup>e</sup> 3<sup>rd</sup> Tusday of June next at eleven of y<sup>e</sup> clock in y<sup>e</sup> fore-noon.

The Moderator opened the meeting with prayer.

This Association taking into Serious Consideration the great importance of instructing Children in their most early years in the Principles of Christianity, and observing that altho' the Assemblies Shorter Catechism be a most excellent Summary of the Christian Religion, and what we would by no means have laid aside or disused, yet think that some plain & easy Introduction to it to be learned by Children before they are of a suitable age to enter upon that Catechism might be of great advantage, would earnestly recommend to our people the use of the Rev.<sup>d</sup> Dr. Watts's excellent Setts of Catechisms and think that a new edition of them would be of great Service. In the use of those Catechisms we would recommend it to Parents to begin with the first of them as soon as their Children are capable of learning it, which will naturally bring them to enter upon the Assemblies Catechism at the proper age for using it to advantage; and if the particular associations would agree to Encourage and forward one another in introducing this method of catechizing in their several Congregations we think it might be an happy means of promoting Religion among us.

This association understanding that the Confession of Faith and Articles of Chh Discipline agreed upon at Saybrook are very scarce in our Churches, and that a number of said Books are in the hands of the Secretary to be disposed of, & finding that the last General Association had desired the Rev.<sup>d</sup> Mr. Chalker of Eastbury to apply to the Secretary for them & distribute them in the Several Counties, but not having heard that Mr. Chalker hath so done, we desire the Rev.<sup>d</sup> Mr. Colton & the Rev.<sup>d</sup> Mr. Whitman of Hartford to undertake that affair; and if there be not a sufficiency found with the Secretary we desire said Gentlemen to Present to the Gen<sup>l</sup> Assembly at their next Sessions the great want of these Books, and move for a new edition.

This Association Observing the great prevalence of vice & prophaneness, and a Lamentable Indifference in Spiritual Concerns among our people, & having Seriously considered

what likely method can be taken to awaken our people & Revive a spirit of Seriousness and practical Religion among us, are of opinion that for Ministers in their Several parishes to take frequent Opportunies & Discourse in private with particular persons upon Religious & eternal things, & to make a personal Address to them, would have a happy tendency to beget a Spirit of Seriousness, and to Revive true Religion among us, do therefore earnestly recommend it to our Several Associations to Encourage & promote such a practice among them.

Voted that the next meeting of the Gen.<sup>l</sup> Association be at the House of the Rev.<sup>d</sup> Mr. Joseph Noyes of New Haven, on the 3<sup>rd</sup> Tuesday of June next at eleven o'clock A. M.

And now there being so few Present; we were in Suspence whether It was best for us to form Into an association, yet at length concluded that we would — and Do hereby Inform the Perticular associations that if this association is so Thinly attended by reason of Sickness or the Like; we Look upon it a sore frown of Providence. But if it's thro Negligence or Carelessness we suppose that it argues too Little Regard to the Constitution and would Intreat of Every Perticular association that they would by no means omit appointing of Delegates from time to time; and that Those Gentlemen that are so appointed would be Careful to attend accordingly; that so the good Ends Proposed In the meetings may not be wholly frustrate and disapointed.

A motion being made in this Association that an Address of Condolence be presented to his Majesty, and another to the Princess of Wales, in the Name of the General Association, upon the Mournful Occasion of the late Death of his Royal Highness Frederick, Prince of Wales, and accordingly an Address in each case being laid before the Association for their Consideration, after particular Examination and some few Corrections it was Unanimously voted that said Addresses be forthwith Offered as soon as opportunity presents.

The Association recommend it to the Several Associations within the Colony, to prepare, each Association, a Draught, and send it by their Respective Delegates to the next General Assoc<sup>n</sup>, out of which they may draw a Plan to be first sent

to the Several Consociations for their approbation, which being Obtained, to be prefer<sup>d</sup> to the Hon<sup>le</sup> General Assembly for their Sanction upon it — which Plan to Contain in it —

1. This addition to the present Ecclesiastical Constitution of Gov.<sup>t</sup> viz: that there be a General Consociation of Ministers and Churches, Two ministers and two Messengers from each Consociation to make up said General Consociation, To which there may be appeals from the Judgment of particular Consociations.

2. This alteration in it, that there shall be no Vote in any Consociation within the Establishment, without a Majority both of Elders and Messengers present in it.

3. That in Ordinary cases, no Complaint shall be in the Church or Consociation against any Church Member, for a Crime committed, So long before Process that the Civil Court would reject it, or does refuse a Process, merely upon account of the age of the Crime complain'd of.

It is Judged advisable by this Assoc<sup>n</sup> that there be for the Future, a General Convention of the Ministers of this Colony at New Haven the Day after the Commencement annually, at which time Some Minister by previous appointment shall deliver Concionem ad Clerum and that the said appointment of the Preacher be for the future made at y<sup>e</sup> annual Convention, and accordingly we agree to Desire the Rev.<sup>d</sup> Mr. Whitteley of Wallingford to preach the Convention Sermon at the first Convention on Sept<sup>r</sup> Next and in case of his failure, that the Rev. The Rev.<sup>d</sup> Mr. Noah Hobart was chosen Moderator — and Samuel Whittlesey Scribe. The Convention was opened with prayer by the Moderator.

A former Gen<sup>l</sup> Association having Judged it adviseable that there be a Gen<sup>l</sup> Convention of the ministers of this Colony annually at New Haven the day after Commencement, and that a *Conscio ad Clerum* be delivered on that Occasion by some minister previously appointed; but the affair having not yet been carried into Execution — This association highly approving of the Design do propose and Recommend that such a Convention be attended the day after the next Commencement, and Request the Rev.<sup>d</sup> Mr. Hobart of Fairfield and in case of his failure the Rev.<sup>d</sup> Mr. Whitman of Hartford to preach the Sermon on that Occasion at 10 o'clock of said day.

The Gen<sup>l</sup> Association having formerly recommended it to the particular associations of this Colony to draw up a Scheme for the forming a General Consociation for the receiving appeals from particular associations, but several particular associations not having sent in any Scheme for this pur-

pose to the General Association; we still recommend it to those associations that have not yet Signified their thoughts upon this affair, that they would prepare Draughts to be sent in to the next Gen<sup>l</sup> Association, that out of the Several Draughts sent in to the Gen<sup>l</sup> Association they may draw up a Scheme for Executing this Design — and it is further desired by this association that the Gen<sup>l</sup> Convention of the Ministers which is Expected to meet at New Haven the day after the next Commencement would take this affair of a Gen<sup>l</sup> Consociation into Consideration.

Voted that the next Meeting of the Gen.<sup>l</sup> association be at the house of the Rev.<sup>d</sup> Mr. Hall of N. Cheshire on the 3<sup>rd</sup> Tuesday of June next at 11 o'clock.

The General association having frequently recommended to the Several Particular Associations in this Colony to draw up a Scheme for the forming a General Consociation, for the Receiving and hearing appeals from particular Consociations; there has been a Scheme or Draught sent in for this purpose to the general association, from some particular associations, but since notwithstanding frequent Recommendations Several particular associations have not Sent a Scheme according to Desire and for afores<sup>d</sup> purpose, We do still earnestly recommend it to the Several particular associations that have not yet Sent, that they wo<sup>d</sup> Signifie their thots in this matter and wo<sup>d</sup> prepare and send in their Draught and Scheme to the next Gen<sup>l</sup> association, that from these Schemes and Draughts there may be Collected and Concerted a Scheme by the General association for the Promoting and Executing this Design. Mr. Jared Eliot was chosen Moderator and Mr. Welles  
Scribe.

The Meeting was opened with Prayer by y<sup>e</sup> Moderator.

This Association apprehending, that various Errors contrary to y<sup>e</sup> Doctrines owned in the Churches of this Colony, are spreading and prevailing in the Land; and that it is highly necessary for Ministers to bear a Testimony against those preaching Errors; this Association would earnestly recommend it to the particular Associations of this Colony, to agree among themselves, frequently to insist upon those Doctrines contained in our Confession of Faith, which are contrary to the prevailing Errors of the Day: and particularly that they would bear a seasonable Testimony against Socinianism, Arrianism, Arminianism, Pelagianism and Antinomianism, or any other Errors that may arise among us.

And whereas one particular Association of the Colony have declined coming into the Proposal of a Gen<sup>l</sup> Consociation till the Several Associations have declared their adherance to the Confession of Faith owned in our Churches; we freely declare our adherance to the Doctrines contained in our Confession of Faith and we would recommend it to particular Associations strictly to adhere to the Doctrines of our Confession of Faith.

The Association adjourn'<sup>d</sup> till 6 o'clock tomorrow Morning.

June 18 Met according to adjournment. Wheras most of the particular Associations in this Colony, have sent in to this Bord their Express Approbation of the Motion formerly made, that there should be a *Concio ad Clerum* at New Haven the Day after the Public Commencement, annually, and their Desire that said Practice should be continued; This Association taking the Affair into Consideration, unanimously approve of and concur with said Motion and Desire. And for the more effectual carrying into Execution the Purpose and Design aforesaid, recommend it as our Opinion and Advice, that it be referred to y<sup>e</sup> particular Associations to appoint the Preacher for that Occasion from Time to Time for the Future. And forasmuch as there is an appointment already made for the next Commencement, after which the advice aforesaid is to take Place; we recommend that the future appointments of the several particular associations be in Manner and Order following viz: in Fairfield Western Association. In the Eastern Association in said County. The County of New Haven. The South Association in the County of Hartford. The North Association in said County. In y<sup>e</sup> County of Windham. The Western Association in the County of N. London. The Eastern Association in s<sup>d</sup> County. The Association in the County of Litchfield.

This Association apprehending that there is danger of some bad Consequences arising from the Common Method of Licencing candidates for the Ministry without any Limitation as to Time, recommend it to the Particular Associations to come into agreement to limit the Licence of Candidates to

the Term of four Years, with these Exceptions viz: That such Limitations shall not respect Preachers that have been Ordained Ministers; nor Candidates preaching upon Probation and under Call to settle with that People to whom they are preaching; nor such Candidates as are necessarily hindered from attending the next Association after the Expiration of four years.

This Association taking into Consideration the Importance of having a Professor of Divinity in Yale College would recommend it to the several Ministers in the Colony to forward and promote among their People the Subscription set on foot for promoting that Design. And in the mean Time, in consideration of the great Burden that lies on the Rev<sup>d</sup> the President, while he supplies the Place of a Professor; we recommend it to the Neighboring Ministers to assist him by Preaching occasionally in the College Hall.

Ordered that the next Gen<sup>l</sup> Association of this Colony be holden at the House of the Rev<sup>d</sup> Mr. Devotion of Windham, on the third Tuesday of June next.

The Rev. Mess<sup>s</sup> Worthington and Todd declar'<sup>d</sup> before the Association that whereas they are uncertain as to the Design and Business of a Professor of Divinity in this College, and have some scruples as to the Regularity of the Meeting of the Scholars in the Hall for Public Worship they therefore Dissent from the Vote of the Association respecting the same, and Desire their Dissent may be recorded.

After which the Session was closed with the Prayer of the Moderator. The above Voted as the Doings of this Association.

The Rev.<sup>d</sup> Mr. Solomon Williams was chosen Moderator and Elnathan Whitman was chosen Scribe.

The meeting was opened with Prayer by the Moderator.

This Association apprehending that there is Need of a New Impression of the Confession of Faith owned in the Churches of this Colony and of the Rules of Discipline established by the laws of this Colony, recommend it to particular Associations to promote a Subscription among their People for the reprinting s<sup>d</sup> Book as soon as may be, and it is the Desire of this Association that what Subscriptions may be obtained by the Ministers, belonging to the several Associations, might be sent to the Rev. Mr. George Beckwith, and that he would enquire of the Printer, what s<sup>d</sup> Book may be printed for, and that if a sufficient Number be subscribed for that the s<sup>d</sup> Mr. Beckwith would agree with some Printer to print s<sup>d</sup> Book, and correct the Press, and this Association

desire their own Members immediately to set on Foot a Subscription for reprinting s<sup>d</sup> Book.

The last General Association having recommended it to particular Associations to adhere to the Doctrines contained in the Confession of Faith owned in our Churches; this Association would further recommend it, to those particular Associations that have not declared their Concurrence with s<sup>d</sup> Confession of Faith, to declare their Concurrence with it, and certify it to the next General Association.

The following Questions were proposed and Resolved.

1. Quest. Whether the licensing a Candidate for Preaching vests him with any proper Office, or makes him a proper Officer in the Church? *Resolved* in the Negative.

2. Quest. Whether such License be anything more than an orderly Leave (being given upon examination) to preach for a time, and that in order to a Judgment's being further made by Ministers and Churches, whether he have those Qualifications necessary to be found in a Gospel Minister?

*Resolved* that such License is nothing more than such a limited License for this end.

3. Whether those that give such Leave, or License, have not equal Power or Right, to recall the same, upon their judging it expedient and necessary so to do?

*Resolved* in the Affirmative.

This Association recommend it to the particular Associations in this Colony to make a Draught of some Emendations in our Rules of Ecclesiastical Discipline more especially with Respect to the Manner of Voting in Councils of the Consociation, which Draughts should be sent to the next General Association for them to draw something out of, that may be to the Acceptance of the Churches.

In consideration of the threatening Aspect of divine Providence at this day, particularly in the frequent and amazing Earthquakes, and their terrible Effects in various parts of the Earth, and Especially the strange, unusual and distressing War that is prevailing in this Land, as also in Consideration of the awful Growth and Spread of Vice and Immorality,

this Association think it advisable that some time should be spent in humble and earnest Prayer and Supplication to God, to avert the Token of his Displeasure and save us from Sin and from Ruin, and especially that he would protect, defend and succeed our Armies in their present Expedition; and accordingly we recommend it to the several Ministers in the Colony (before the day of Prayer that may be appointed by Authority) to agree with their People to spend some time in Prayer every last Thursday in the Month for several Months next coming for the End afores'd, unless where Ministers and their People have already come into some different agreement; at which Times we think it best to be left discretionary whether to spend the whole Time in Prayer, or that the Minister if he be able, give the people a sermon suitable to the Occasion.

*Voted* that the next General Association shall be at the House of the Rev. Mr. Nathaniel Eells in Stonington on the Third Tuesday of June next, at Eleven of the clock in the Forenoon.

The above was voted as the doings of this Association.

## 1758.

[In the manuscript record book we have, between 1757 and 1759, nearly two full blank pages, and no clue to a reason why the meeting appointed for this year was not reported. In the records of Litchfield County Association, held in Salisbury May 30th of this year, the Rev. Messrs. Stoddard and Graham were appointed delegates to the meeting at Woodbury, the next June, and Mr. Graham was designated as the preacher. But no other reference to the meeting of this year is found, and like the year 1739, it is without any recorded action.]

The Rev. Mr. Moses Dickinson was chosen Moderator of the Association and the Rev. Mr. Elnathan Whitman was chosen Scribe. The Association was opened with Prayer by the Moderator. Adjourned till tomorrow Morning at 7 of the Clock.

June 20<sup>th</sup> met according to adjournment.

Resolved by this Association that as the Consociation of Churches is one great thing that the Composers of our Platform had in View, as they expressly declare that what affects all ought to be managed by all, so the Ecclesiastical Constitution of this Colony knows of no other Council whatever but a Council of the consociated Churches of the District, or in some cases a Consociation of a particular District united with a neighboring Consociation, called in, according to the Direction of the Constitution.

Resolved that it is most Expedient for the preventing the introducing of unsound and unqualified men into the Ministry, and intirely agreeable to our Ecclesiastical Constitution that the Council for the Ordination of Ministers (to whose province it belongs to examine Candidates for Ordination) should consist of the Consociation of the District to which the church belongs over which a Pastor is to be Ordained, and as this has been practiced for sundry Years by several Consociations in this Government so we recommend it to Universal Practice.

*Resolved* that it is most expedient that Candidates for preaching should be Examined by the Association and License given them for Preaching should be signed by the Moderator or Scribe of the Association, and accordingly we recommend it to particular Associations to come into this Practice.

An answer to a Letter from the Rev<sup>d</sup> Mr. Samuel Hall of New Cheshire, voted to be sent to him.

Rev. Sir — We have received your Letter in behalf of our aggrieved Brethren at Wallingford, relative to their State, which, as you say is indeed very deplorable and in which you in their Names desire our Advice — and having considered the affair we are of the opinion that as they are at present

safe under the Conduct of your Consociation, and not doubting our General Assembly will Next October take them under their Protection, and provide for their comfortable Settlement, it may be their wisest Course till then to attend on public Worship where they can, patiently submitting to present Inconvenience, in Expectation of so speedy a Relief.

*Voted* that the next General Association be at the Rev.<sup>d</sup> Mr. Jonathan Merrick's in North Brantford on the 3<sup>d</sup> Tuesday of June next.

*Voted* that the Rev. Mr. William Russell of Middleton preach the Concio ad Clerum in the College Hall, at the next Commencement, and in case he fail, the Rev. Mr. Lockwood of Weathersfield preach the Sermon on that Occasion.

*Voted* that it be recommended to the particular Associations to set forward a Subscription for the reprinting our Confession of Faith and Ecclesiastical Constitution in case the General Assembly do not Order the reprinting them at their Session in October next, and that the Rev. Mr. Williams and the Rev. Mr. Wheelock of Lebanon receive the Subscriptions and agree with the Printer for the Impression.

The Rev<sup>d</sup>. Mr. Samuel Hall was chosen Moderator, and the Rev<sup>d</sup> Elnathan Whitman was chosen Scribe. The Association was opened with Prayer by the Moderator.

The General Association of this Colony having in their Sessions the last year, given it as that opinion, that the Ecclesiastical Constitution of this Colony know of no Ecclesiastical Council for any Purpose. whatever, but a Council of the Consociation of the District where some Ecclesiastical affair is to be transacted — This Association do further declare it as their opinion that the Council of the Consociation of New Haven County had a Right of Jurisdiction in Matters relative to Mr. Dana's Ordination, and that it was an Infringement of our Ecclesiastical Constitution for any Number of Ministers to interpose in the Affair of s<sup>d</sup>

Mr Dana's Ordination in Opposition to the Consociation of s<sup>d</sup> County. And it is further the opinion of this Association that it is the Right of our Consociated Churches to be satisfied as to the Orthodoxy and other necessary Qualifications for the ministry of any candidate for Ordination in their respective Limits before s<sup>d</sup> Candidate is ordained.

Application having been made to this Association by a Committee of the Consociated Church in the first Society of Wallingford desiring our Advice in their present Circumstances — This Association advise s<sup>d</sup> Consociated Church to Endeavor to obtain as many more of the Neighbouring Ministers to preach among them as they can, and as to any other Supply of Preaching we advise them to follow the Advice and Direction of the Association of New Haven County.

To the Kings most Excellent Majesty.

The humble Address of the Ministers of the Consociated Churches of the Colony of Connecticut convened in General Association at Hartford June 16, 1761 —

Most gracious Sovereign —

We your Majesty's most dutiful and loyal Subjects, the Ministers of the Consociated Churches of the Colony of

Connecticut in New England, most humbly beg leave to take this opportunity at our first General Convention since your Majestys accession to the Throne, to express our deep sense of the unspeakable loss your Majesty, your Kingdoms and these remote Parts of your Majesty's Dominions have sustained by the Death of his late Majesty, your royal Grandfather, and with the sincerest joy to Congratulate your Majesty's happy and peaceful Accession to the Throne of your Ancestors; the happiness of his late Majesty's wise and auspicious government so sensibly felt in every Part of his dominions, and the critical situation of the affairs of Europe, made all good men among his subjects, solicitous for the Continuance of the important Life of your royal Grandfather, and his sudden Removal would have filled his faithful subjects with much greater anxiety had not your Majesty's Succession to the Crown dispelled their fears, and opened the most pleasing Prospect of the Continuance of all the Blessings that can be Expected from the Government of the best of Kings.

Your Majesty ascends the Throne amidst the Difficulties and Uncertainties of War, we thankfully Adore the good Providence of God, which has crowned it with signal Success in every part of the World, and especially in America where the Designs of your Majesty's Enemies have been utterly defeated, important Acquisitions made to your Majesty's Territories (which we humbly hope to see united to the Crown) and the British Colonies delivered from those Distresses and Devastations to which they were frequently exposed.

Your Majesty's royal virtues, Regard to Religion and Virtue, and the true Interests of your Kingdoms, for which you are so much the Delight of your People, give us the most pleasing hopes of the greatest Security and Happiness under your Majesty's Government.

And as the Churches under our Care have always distinguished themselves by their Loyalty and Obedience, we humbly recommend them and Our Selves to your Majesty's favor and Protection, and we shall make it our constant Care to

inculcate upon them Submission to your Majesty's Government and Authority, which we shall endeavour to enforce by our own example. And having our heart animated with Zeal for your Majesty's Service, we shall not cease to offer up our fervent Supplications to Almighty God, that he would multiply his Blessings upon your royal Person, that he would render your Majesty's Reign long, happy and glorious and that he would maintain the Protestant Succession in your Majesty's royal House to the latest Generations.

Signed in the name and by Order of the Ministers of the Consociated Churches of the Colony of Connecticut

*Voted* that the Rev.<sup>d</sup> Mr. Jared Eliot be desired to send the foregoing Address inclosed in a Letter to the Honorable Richard Jackson Esq<sup>r</sup>, Agent of this Colony desiring him to take the earliest opportunity to present it to his Majesty, and endeavour to obtain his gracious Acceptance.

As it has been represented to this Association that the Neglect of Family Prayer is a growing Evil among our People, we recommend it to particular Associations to take the Matter into their serious Consideration and come into such Measures respecting it as shall be thought most likely to reform this growing Evil.

The meeting was opened with prayer by the Moderator.

The Rev. Mess<sup>rs</sup>. Jonathan Merrick and Warham Williams appeared in Association as delegates from the Association of New Haven County, and by order of their Constituents laid before us the Copy of a Vote of s<sup>d</sup> Association, setting forth that the Rev.<sup>d</sup> Mess<sup>rs</sup> William Hart and John Devotion of Saybrook, and the churches of which they are Pastors had voted to hold communion with Mr. James Dana of Wallingford and those his Adherents against whom a Sentence of Non-Communion had been pronounced by a joynt Council of the Consociation of New Haven County and the South Consociation of the County of Hartford, and that the s<sup>d</sup> Mr. Devotion has in his own and in the Name of the Church of which he is Pastor, declared publicly in the face of Mr. Dana's Congregation that they will hold Communion with them, and as a Testimony thereof preached to, and administered the Sacrament of Baptism amongst them — desiring the Opinion and Advice of this Association in the Affair.

Whereupon the following Case was stated for our Consideration and Resolution viz :

The Churches in a Province by explicit Agreement unite to hold a mutual Communion and Discipline, and for the more convenient carrying on the same to mutual Edification agree to divide themselves into four distinct Districts each of which have, for instance, ten Churches in them. One of the s<sup>d</sup> Churches in one of the Districts falls into Heresy or other Scandal. The other nine Churches united in Consociation take proper Methods according to the Gospel and agreeable to s<sup>d</sup> Union to convince and reclaim them, but they continue finally obstinate. After due waiting the s<sup>d</sup> nine Churches pronounce a sentence of Noncommunion against the s<sup>d</sup> offending Church. Quere — Whether their thus withdrawing Communion from s<sup>d</sup> offending Church is to be understood as only for themselves ; or whether the other three Districts are not by virtue of their Union so included as to be obliged to carry towards the offending and censured Church as the other nine churches are obliged to do.

This Association having considered the Case declare it as their Opinion that the other three Districts, are by virtue of their Union as aboves<sup>d</sup> obliged to conduct toward the offending Church as the other nine Churches are obliged to do.

And with respect to the conduct of Mess<sup>rs</sup> Hart and Devotion with their respective Churches as related above, altho' we do not look upon it as a Matter that lies before us to give a Determination in the case, yet as the Association of New Haven has desired our Opinion and Advice — Tis declared as the Opinion of this Association that they ought to be called upon by their proper Judges to assign a Reason of their Conduct and abide the Judgment that shall be given in the Case : We therefore recommend it to the Association to which they belong to Enquire into their Conduct and the Reasons of it, and according as it shall appear to take the Steps directed to in our Constitution to bring the Matter to an Issue.

Voted that the Convention of the general Association on

the third Tuesday of June next be at the House of the Rev.<sup>d</sup> Mr. Beckwith in the North Society in Lyme.

The above Voted as the doings of this Association. After which the Association concluded with Prayer by the Moderator.

This Association having agreeable to the Advice of the General Association at the last Session, inquired into the Conduct of the Rev. Messrs William Hart and John Devotion in giving Communion to Mr. Dana and his Church and censured Members, and into the Reasons thereof: find that they have given them only that common Ministerial and Christian or Church Communion which all our consociated Churches have ever given to our neighboring Churches who are unconsociated, and that have not and do not pretend a Right to interfere in what concerns Special consociation Communion, which they fully acknowledge to be wholly in the Power of our Consociations; the matter appearing to us in this Light we do not Judge our Brethren guilty of censurable Conduct. Mr. Mills was chosen Moderator and Mr. Ross Scribe. The Meeting was opened with Prayer by the Moderator.

As the General Association is designed Especially to consult Things which tend to promote Peace and Union among the Churches in this Colony: and as it is manifest the Judgments of Consociations have in several Instances not been satisfactory, and Ministers and Churches have not looked on themselves obliged to abide by their Doings, but have acted counter to them; and as no Method has been agreed upon in which Ministers and Churches may signify their Dissatisfaction to the Consociation which they suppose have misjudged in any Case in order to get Satisfaction, and so have at one Time and another gone into Methods of testifying their Disapprobation which have given Offence: To the End therefore that some Method may be agreed upon by common Consent in which for the future particular Associations or Consociations or Ministers or Churches may inoffensively signify their Dissatisfaction and give Light to, or receive it from Consociations whose Judgment is disapproved, this Associa-

tion recommends it to particular Associations to take this Matter into Consideration and to offer their Sentiments on it to the next General Association and Endeavoûr to point out such a Method as they look upon to be most regular.

1. In Conversation on the Point it has been queried — Whether it might not be advisable for such aggrieved Members of Churches or Associations to apply to the Association of that District, in which they suppose such Case has been misjudged with the Reasons of their Uneasiness at their Judgment, to desire them to call a Council of that Consociation to reconsider s<sup>d</sup> Case.

2. Whether it may not be advisable upon the refusal of such Association, that the aggrieved Members of Churches, and Associations, apply to the General Association with their Reasons as aforesaid desiring them if they think the Case requires it, to recommend it to s<sup>d</sup>. Association to call a Council of s<sup>d</sup> District to reconsider the Matter.

The following questions were bro't to the Association which were thus answered viz.

1. Has a Husband any Right to exercise Authority over his Wife in Cases wherein there are different Sentiments respecting Religion? Ans. No.

2. Whether for the Husband to reflect upon, or treat his wife with any Bitterness or Unkindness on Account of different Sentiments and Practice as abovesaid is wicked and abusive? Ans. Yes.

3. Whether it be lawful and right for the Wife out of Compliance with her Husband to conform to his Practice contrary to her Sentiments where there are religious Differences? Ans. No.

Met according to adjournment.

Whereas it was recommended by the last general Association to the several particular Associations in this Colony to prepare and send into the next general Association some expedient that might be made use of in order for aggrieved Persons to obtain a rehearing of those Cases wherein they conceive the Consociation have misjudged and inasmuch as the particular Associations have not in general thought fit to send in to this Board any Proposals for the above mentioned Purposes, this Association is of the Opinion that the Rule of the Platform is so plain in all such cases and so well understood and practiced upon by the Churches in general that no further Provision is needful to be made.

The following questions were proposed to this Association for their Consideration and Resolution — viz Ques<sup>n</sup>

1<sup>st</sup>. Whether y<sup>e</sup> present difficult State of the C<sup>h</sup>hes of this Colony respecting the Support and Continuance of a learned orthodox Ministry doth require any further Provision to be made therefor?

An Overture was made by some members that we ought to endeavour to obtain some Correspondence between this Synod & the Consociated Churches of our Brethren in Connecticut a Draught of a letter from this Synod to them was brought in, read, & approved — The Rev<sup>d</sup> Mr. Elihu Spencer moderator, the Rev. MATTHEW WILSON Synod Clerk.

Rev.<sup>d</sup> & D<sup>r</sup> Brethren — The Synod of New York & Philadelphia at their annual meeting in May 1766 have among many other expedients to promote the interests of the Redeemer's Kingdom, concluded upon the most mature Deliberation, that a general meeting of Delegates both from your Chh<sup>s</sup> & our Presbyteries would answer this important purpose — our earnest Desire to accomplish so good an end has engaged us to embrace this oppor-

tunity of your next general association to propose the matter to your Serious Deliberation & to invite you to a general Consultation about such things as may have a hopeful tendency to promote & defend the Common Cause of Religion against the attacks of its various Enemies. As we are all Brethren, embarked in the same Interest, perfectly agreed in Doctrine & worship, Substantially pursuing the same method of Discipline & C<sup>hb</sup> Government, & we trust all animated with the Same Laudable Zeal to advance the Kingdom of our Common Lord, we cannot but hope for your ready concurrence with our invitation. Your Good Sense & general acquaintance with human nature must necessarily lead you to see that a more intimate acquaintance with each other's views & Designs will enable us with greater Harmony & Consistence & of consequence of greater Success, to support the Common Cause in which we are all equally engaged. A general agreement in any measures that may be adopted to preserve our Religious liberties against all Encroachments, and to Bless the benighted Heathen on our Borders with the glorious light of the Gospel must promise desirable Success.

From the best information we can obtain about the Constitution of your C<sup>hhs</sup> we are persuaded that our proposal is not impracticable, & it will give us a sensible pleasure to find that your Extensive charity & readiness to promote the Kingdom of Christ have induced you to concert such measures as will be best adapted to accomplish so important an end.

We have appointed the Rev<sup>d</sup> Mr. Elihu Spencer Mr. John Ewing & Mr. Patrick Alison to wait upon you at your next General Association to Deliver you our Letter & to converse with you at large on the Subject of this proposal.

Signed by order of Synod by

ELIHU SPENCER, Mod<sup>r</sup>.

The Association's Reply is as follows — Whereas a proposal has been made to this General Association by the Rev.<sup>d</sup> Synod of New York & Philadelphia, Representing, that they are Strictly United with us in Doctrine & worship as con-

tained in the Westminster Confession of faith & Catechisms, & that the great & general interest of the Redeemer's Kingdom would be happily promoted, the common cause of Religion & virtue Strengthened & Defended, whilst mutual benevolence & Brotherly love would be cultivated by a General union, agreement & Correspondence with us, so far & in such manner as is consistent & in no Degree interfering with their & our Respective internal State & order of government & Discipline; and that it will give them great Satisfaction to meet a number of our Ministers at a Suitable time & place to converse with them upon a plan & articles of such desired Union —

We therefore, having maturely considered their proposal are unanimously agreed to use our influence to promote a compliance with it thro' this Colony, and we do in order thereto advise the Several Associations to appoint one or more of their body to meet Commissioners from the Synod beforementioned at New York the first Wednesday in November next to converse with them upon a plan & articles of such desired Union; to be laid before the Several associations for their Concurrence, & to be prepared for the consideration of the next general association, & then to be completed.

Mr. Williams was chosen Moderator and Mr. Welles Scribe. The Association opened with prayer by the moderator.

Voted that the thanks of this body be returned to the Rev.<sup>d</sup> D<sup>r</sup> Chauncy of Boston for the good service he has done to the cause of religion, liberty and truth in his judicious answer to the appeal for an american episcopate, and in his defence of the Newengland churches and colonies against the unjust reflections cast upon them in the bishop of Landaff's sermon before the society for propagating the gospel in foreign parts: and that the moderator present the same to the Doc.<sup>r</sup>; and cause this resolve to be published in one of the Boston Newspapers.

Voted that the thanks of this body be returned to William Livingston Esq<sup>r</sup>. attorney at law in New York, for his late vindication of the Newengland churches and planters against the injurious reflections and unjust aspersions cast upon them

in the bishop of Landaff's late sermon before the society for propagating the gospel, contained in his manly and Spirited Letter to his Lordship: and that the scribe be desired to transmit this resolve to M<sup>r</sup> Livingston and cause it to be published in one of the New York Newspapers.

Voted that M<sup>r</sup> Dickinson who is appointed a delegate to the general convention at Elizabeth town in october next, be desired to preach at the opening of the convention, and in case of his failing, M<sup>r</sup> Williams another of our delegates is desired to attend that Service.

Adjourned to 7 o'clock tomorrow morning. Met according to adjournment.

Voted that the general association in June next be at the house of the Rev.<sup>d</sup> M<sup>r</sup>. Lord at Norwich, and in case any circumstances should render it inexpedient to meet there, then that the Rev.<sup>d</sup> M<sup>r</sup> Harts of Preston be the place of meeting.

The association finding some inconveniences attending the present practice of this body in delaying the public lecture upon these occasions to the second day of the session, ordered that it be declared as our advice, that for the future the lecture be attended on the first day of the session.

Whereas some dispute arose in the last general convention concerning the admission of members to vote in s<sup>d</sup> convention; and whereas we understand that the Rev.<sup>d</sup> the Synod of New York and Philadelphia, in order to put an end to that dispute for time to come did at their last meeting agree that though any gentleman who shall think proper may be freely permitted to be present in convention, yet none but the delegates shall be allowed a vote, this association heartily concur with the above limitation; and moreover give it as our opinion and advice that none but the delegates shall be admitted publicly to debate any case before the convention unless particularly requested by the body so to do. And it is further declared as the opinion and advice of this body, that it is not expedient for the future that any of our associations delegate more than two of their members to the general convention. Finally we think it may be advisable that in any future

general convention nothing be deemed as an act of the convention, considered as the voice of the united body but what has the major vote of the respective members that shall be present both from the Synod and from the consociated pastors in Connecticut.

Whereas the Rev<sup>d</sup> Dr. Whitaker lately returned from Great Britain hath represented to this Body the Kind & Charitable Disposition of the good & Pious People there manifested in the generous & charitable contributions to the Support of Dr. Wheelock's Indian Academy for the Promotion of Christianity and Civility among the Savage Indians on this Continent; We are greatly Pleased to find that the Hearts of our Dear Brethren on the other Side the Atlantic are so united with our's in the truly Evangelical and noble Design which the Hearts of the Pious in this Country have been & still are so intent upon; and do by this testify our grateful Sense of their goodness & liberality and express our cordial Desires That the Best of Blessings may rest on all the Pious Benefactors, & that Heaven would still prosper the important Design. And 'Tis Desired that Dr Wheelock & Dr Whitaker would Transmit this to their Friends in Great Britain to be communicated in such manner as they think proper as a public Testimony of our gratitude.

The above Voted as the Doings of this association. concluded with prayer.

At a Session of the General Association of the Ministers of the Colony of Connecticut, at Norwich June 20 1769.

This Association taking into serious Consideration the dark and threatening Aspect of divine Providence upon our Nation and Land in regard to their civil Liberties and public Interest : as also the great decay of practical Godliness and the Prevalence of Iniquity, think it desirable that a Day be set apart for public Fasting and Prayer, to humble ourselves, under the righteous Hand of God, and supplicate the Throne

of his Grace for the removal of the Calamities we are under and to prevent those which seem to be impending. And above all that he would pour out his Spirit upon the Churches and people of the Land, revive decaying Religion and enlarge the Kingdom of the Redeemer. And accordingly agree for ourselves, and recommend it to the Brethren in the Ministry, to our own Churches and the Churches throughout the Colony to set apart the last thursday of August next for the Purpose aforesaid, earnestly desiring both Ministers and people, unanimously to join in the Seasonable, solemn and important Duty. And those of our Brethren and their Churches, that cannot conveniently attend it upon the Day aforesaid, to them we recommend it that they attend it on some other Day.

Whereas the General Association did at their last sessions recommend to the several particular Associations to take into their serious Consideration the Important Matter of Church Discipline, and prosecute such methods as they shall think most expedient to promote Brotherly Watchfulness and best answer the ends of Church Discipline — and this Association finding that no Return from any Association hath been made to this Body relative hereto; and being desirous of Promoting so good a Design, and observing with grief and concern the declining State of our Churches for Want of Gospel Discipline — Do *recommend* to the several Associations to take this matter into their serious consideration; *and Desire* they would send to the next General Association their Resolutions or Opinion on the following Questions viz:

This association taking into Consideration the State of y<sup>e</sup> Settlements now forming in the Wilderness to the Westward & North-westward of us, who are mostly destitute of a preached Gospel, many of which are of our Brethren Emigrants from this Colony, think it advisable that an attempt should be made to send missionaries among them, and for obtaining a Support for such Missionaries would recommend it to the several Ministers in this Colony to promote a Subscription among their people for this purpose. Upon which it was Voted that the preceding conclusion together with the form of a Subscription be printed & sent to the several Ministers in this Colony. a Lecture was then attended, the Rev.<sup>d</sup> M<sup>r</sup> Cogswell preached from Phil. 2: 1, 2 —

The doings of the last General Convention were read before this association & were well accepted. The Rev.<sup>d</sup> Mess<sup>rs</sup> Cogswell & Johnson were appointed to compleat the Draft of a Letter to the Ministers of Boston.

The Committee appointed prepared a Draft of a Letter to the Ministers of Boston which after Correction was accepted & is as follows —

Rev.<sup>d</sup> & dear Sirs, We your brethren of the Colony of Connecticut met by Delegation from the several Counties in general association, at our annual meeting, cannot but feel

deeply impressed with the present melancholy threatened Situation of America in general & the distressed state of the Town of Boston in particular suffering the Severe resentment of the British Parliament by which the Subsistence of Thousands is taken away. We readily embrace this opportunity, to manifest our hearty Sympathy with you in your present Distresses. We consider you as suffering in the common cause of America; in the cause of civil Liberty, which, if taken away, we fear would involve the ruin of Religious Liberty also. Gladly would we contribute everything in our Power for your encouragement and Relief; however our Situation enables us to do little more than to express our sincere, affectionate Concern, & with fervent addresses to commend your Cause, & the Cause of America — the Cause of Liberty & above all of Religion to the Father of Mercies, who can easily afford effectual Relief; who hath the Hearts of all at his Disposal & can turn them as he pleases. We feel deeply sensible what a heavy Load must lie upon the minds of the Ministers of Boston — enough to sink their Spirits unless armed with vigor, Christian Fortitude & Resolution. In hopes it may afford you some Consolation we assure you of our sincere Condolence and unremitted prayers in your Behalf; and that we shall in every way suitable to our Character and Station use our Influence with the good People of this Colony to concur in every proper measure calculated to afford Relief to America in general, & the distressed Town of Boston in Particular. We pray that the Ministers of Boston may be inspired by the great Head of the Church with Wisdom sufficient for their Direction in such a critical Day as the present. And we cannot but hope the united Prayers of America may obtain that audience in Heaven which will ensure Salvation to us; and That God would give them & their People Firmness, Unanimity, Patience, Prudence & every Virtue which they need to support them under their heavy trials, & enable them to stand firm in the glorious Cause of Liberty; express such a Temper & exhibit such an Example as shall be well pleasing to God, & rec-

commend them to the Compassion & Favor of their fellow men. We earnestly pray that God would humble us all under a deep sense of our numerous Transgressions & Criminal Declensions; show us the absolute necessity of Repentance & Reformation, humble us under his mighty hand & pour out a Spirit of Fervent Supplication on you, on us, & all his people in this Land."

Voted that there be a standing Register appointed to keep the Records of this association & the Rev<sup>d</sup> M<sup>r</sup> Trumbull of North Haven is appointed the present Register. The next general association in June 1775 is appointed to be at the house of the Rev<sup>d</sup> M<sup>r</sup> Throop at New Concord in Norwich.

The Southern association of Hartford County having neglected to appoint one to preach the *Conscio ad Clerum*, the day following the next Commencement, this association do therefore appoint the Rev<sup>d</sup> Edward Eells of Middletown to preach the Sermon at that Time. This association is adjourned to the day after the next Commencement to meet at Newhaven in the College Chapel at 8 o'Clock in the Morning. The session was concluded with prayer by the Moderator.

1<sup>st</sup> The General Association find so much encouragement relative to the Support of Missionaries to be sent into the back Settlements, that they think it advisable to appoint 2 Missionaries to go upon this business next Spring.

2. That one person be appointed in each County to receive the Subscriptions or Donations made, or that shall be hereafter made for this purpose in s<sup>d</sup> County. They to give their Receipt to the Persons from whom they Receive them.

3. That a Committee of three Persons be appointed to receive these Donations from the Receivers in the several Coun-

ties & to give their Receipts therefor — This Committee to appoint to the Missionaries their Support — to pay such sums to them, as they may see proper to appoint from the Donations received by them. They to direct the Missionaries in any thing they shall Judge Necessary where not particularly directed by the general association. They also may appoint other Missionaries in case of the failure of any appointed by this Body. They to account to the General Association yearly, for the Disposal of the Monies rec<sup>d</sup> by them — to lay before this Body the proceedings of the Missionaries — their success — the State of the Place wherein they may discharge their Missions &c. This Committee to continue during the Pleasure of the association.

The Rev.<sup>d</sup> M<sup>r</sup> Ripley is appointed to receive the Donations in the County of Fairfield, the Rev.<sup>d</sup> M<sup>r</sup> Waterman for the County of Newhaven, the Rev.<sup>d</sup> M<sup>r</sup> Day for the County of Litchfield, the Rev.<sup>d</sup> M<sup>r</sup> Hinsdale for the County of Hartford, the Rev.<sup>d</sup> M<sup>r</sup> Cogswell for the County of Windham, & the Rev.<sup>d</sup> M<sup>r</sup> Ellis for the County New London.

The Rev.<sup>d</sup> M<sup>r</sup> Williams of Northford, the Rev.<sup>d</sup> M<sup>r</sup> Goodrich of Durham, & the Rev.<sup>d</sup> M<sup>r</sup> Trumbull of North Haven are appointed a Committee for the purposes specified in the 3<sup>d</sup> Article above.

The Rev.<sup>d</sup> M<sup>r</sup> Taylor of New Milford, the Rev.<sup>d</sup> M<sup>r</sup> Waterman of Wallingford & the Rev.<sup>d</sup> M<sup>r</sup> Bliss of Ellington are appointed Missionaries, any two of them to go upon the Mission as they shall agree. These Missionaries are directed to travel thro' the Settlements in the Wilderness to the Northwestward of this Colony; but not to proceed further Northward than the northern boundary of the Province of New York: where they shall judge their Services may be most likely to be beneficial; excepting so far as they shall be more particularly instructed by the Committee. — They are directed to perform all parts of the Ministerial office as Providence shall open a Door. They are directed to set out upon this Mission sometime next Spring; to spend 5 or 6 months in their Mission if the Committee are able to provide

for their support so long — to keep an exact Journal of their Proceedings, & give as accurate an account as Possible of the State of the several Places they pass thro'; that the General Association may be better able to determine where to send their Missionaries in coming Time.

*Voted* that the following Advertisement be published in the several News Papers in this Colony —

The association then resumed the Consideration of some proper Methods for the Revival of Discipline in our Churches. A Draught was then read before this Body for the improvement of Discipline by the Rev<sup>d</sup> M<sup>r</sup> Lockwood according to appointment. The following thoughts upon that subject are approved by this Body & recommended to the practice of the Churches.

This Association taking into consideration the great Declension of Religion & the disorderly Walk of many of its Professors & neglect of Duty in others under the Bonds of the Covenant, which is owing in a great Measure we apprehend to the want of Discipline in the Church of Christ; which is to the Dishonor of Christ the great Lawgiver

to his Church & to the reproach & wounding of his Visible Disciples who are under special obligations to walk with Christ in all his Statutes & ordinances & to do whatsoever he commands them; nor can the Church in this depraved State, wherein it is impossible but that offences will come, long maintain Purity & good order where the Discipline of Christ's house is neglected; but the glory of the Church is then departed: 'tis no longer beautiful as Tirzah, comely as Jerusalem & terrible as an army with Banners; nor can it properly be said Christ rules that house where his own Laws are neglected. Altho many have desired & some attempted to recover discipline so manifestly Lost in the Churches; but with little success; which we fear will yet be the case unless it pleases God of his great mercy to pour out the Divine Spirit upon our Churches to the Revival of Religion in the power & purity of it—however Duty is ours & the Event is God's; we would therefore Recommend it

1. As an Incumbent Duty on Ministers both in public & private, to take pains with the professed Disciples of Jesus, to convince them of the nature & end of Discipline & the necessity of maintaining it in the Church of Christ in its militant State, without which it cannot subsist in Character. They should be made sensible of the advantages of a Christian Watch over each other, whereby Every Member hath the friendly assistance of the whole community with which they are Specially connected, to prevent their Wandering, or reclaim them when they have gone astray.

2. We judge it expedient in this day of Declension & Dissoluteness for Ministers to be frequent & pressing in their addresses to Parents & heads of Families, especially such as are under the Bonds of the Covenant that the eyes of the Lord are upon them & God requires that they perform their Vows, not only for themselves but also for those committed to their care, to train them up in the Nurture & admonition of the Lord by Instructions, Councils, Reproofs & Discipline as needed &c., the neglect of which we apprehend is one cause of much Disorder both in Church & State.

3. To effect the good End proposed, we recommend it to the Churches, that all the Children of the Covenant be considered & Treated as subjects of Discipline & objects of their tender care & christian Inspection; to see that such Lambs of the Flock have the advantage of Christian Instructions & Government in their Early Days; & as such come forward in years & understanding, if they are guilty of Scandal or Neglect to take upon themselves the Bonds of the Covenant by their own act; that the Church use proper methods to reclaim them & bring them to a sense of their Duty by admonitions both private & public if need be; & in case these methods prove ineffectual to reclaim them after all due Patience hath been used; it is the Duty of the Church publicly to discharge themselves of their Watch & Care over them.

4. Because of the so great neglect of Discipline in Christ's house it appears to us men become fearless of transgressing, & that Delinquents & Scandalous Persons are often Neglected to their Damage, when they need the wholesome Discipline the great head of the Church has Instituted; That guilt often lies upon the Church by suffering Sin upon a Brother, merely because no one takes upon him the friendly part of a Complainant; for what equally concerns all is too often neglected by all.

To remedy this Disorder we propose, that each Church chuse a small number of the Brethren as a Committee of Inspection, Inquiry & Information, to act with or by direction of the Pastor, who upon hearing anything of their Members, which they apprehend to be Matter of Scandal & Church Censure are to consider themselves as under obligations to make Inquiry, examine Evidence &c, and endeavor by private measures to heal the Difficulty, reclaim offenders & restore peace & good order to the Church; But if they fail hereof & find it necessary for the Honor of God, the peace & Edification of the Church & the good of offenders, then one of the said Committee to exhibit a formal, written Complaint to the Church, & support the Charge with what Light & Evidence

he can ; that the Church may proceed against such offenders according to the Laws of Christ's Kingdom & be lead to a righteous Judgment. Yet this is not intended to cut off any brother from his Right of exhibiting a Charge in his own Name against an offender if he desires it, & the matter of offence renders a Charge Necessary.

The foregoing Particulars are recommended by this association to the practice of each of the several Pastors & Churches in this Colony so far as can be done with Peace & Unanimity.

The above *Voted* as the Doings of this association. Concluded with Prayer.

The Rev.<sup>d</sup> Elnathan Whitman was chosen Moderator and Mr Goodrich Scribe.

The General Association was opened with a Sermon from Exodus III Chap. 2 Verse, by the Rev.<sup>d</sup> Eliphalet Huntington.

Mr. Goodrich reported the State of Matters relative to the sending of Missionaries to the Northwestward, as was proposed the last General Association, and thereon Mr Throop & Mr Williams were joined with him as a Committee to draw up and bring in a Draught of what may be proper for the General Association to do further in prosecuting the Design.

Adjourned 'till to morrow morning 7 o'Clock. June 21.<sup>st</sup> 7 o'Clock A. M. met according to adjournment. The Committee appointed to prepare a Draught relative to the Affair of Missionaries brought in one which was read, approved and is as follows — "The General Association being of Opinion that great and good Ends, through the Blessing of God, may be answered by sending Missionaries into the back Settlements, as was proposed the last General Association, and being unwilling that the Design should fail, tho' from the Report made by Mr. Goodrich it appears not practicable to be immediately executed, do continue the same Gentlemen who were appointed by the last General Association, as a Committee to carry the Plan into the Execution, and do recommend to the Receivers in the several Counties to collect the Monies which have been subscribed and transmit the same to the Committee with all convenient speed that they may be enabled to act in the Affair as providence shall open a Door, and if possible carry it in some Measure unto Execution this Year; otherwise they are directed to lay the matter before the next General Association.

The General Association are apprehensive that the perplexed & melancholly State of public Affairs has been a Discouragement to this Design, & a Reason why the Collections have not been brought in, as was expected; but however dark present Appearances are, they cannot but hope God will yet give Opportunity of executing the Scheme proposed, to his own Glory, and the Spread and Increase of the Redeemer's Kingdom.

At present affairs are in such a Situation that the General

Association can give no particular Directions to the Committee for the Management of the Business, but would have them use their best Discretion, having a regard to what was done by the former General Association, as nearly as Circumstances will permit: And though in the opinion of the General Association it would be best That both Missionaries should be ordained Ministers, yet if it be found impracticable to send two such, the Committee are at Liberty to send some suitable Candidate, as one, under the Direction of the other who shall be ordained.

We recommend the Matter to the serious consideration of Ministers and all good Christians, and hope they will encourage it and assist all concerned in the Execution of it; and if this be done we hope some attempt may be made before Winter.

The General Association taking into serious Consideration the distressing and melancholly State of public affairs in the British American Colonies, and the Dangers they are now threatened with from the oppressive Measures of the British Court are sensible of the loud calls of God in his Providence, that humbling ourselves under his righteous Hand, we turn unto him by unfeigned Repentance and Amendment, and we are thankful that God has put it into the Hearts of our Rulers so frequently to call upon us and our People to those Duties, that laying aside all Levity and extravagance and undue Diversions, we should be excited to earnest Prayer and Supplication, and meet with our People for that Purpose as frequently as Convenience will admit. We trust our Rulers will still encourage this good Work and strengthen the Hands of all the Ministers in it. We also rejoice that in so many of our Churches and Congregations there appears a Disposition of attending on such Seasons and wish it may become General and Universal: We look upon it in particular our Duty to stir up ourselves and all our Brethren in the Ministry to be forward in leading our People in this Day of Trouble to be calling on God, and to have special seasons of Prayer and that the whole of our Congregations be urged to

attend them; This is certainly our Duty and what we are particularly directed to in the Word of God, that we answer the Messages of Heaven in Divine Providence and become an humble, penitent and pardened People, prepared for the Divine Mercy and Salvation. And as we are the Covenant people of God, and have enjoyed the Special Privileges of the Gospel, we look upon it that God in his Providence calls upon us to consider our Covenant obligations and that it is the indispensable Duty of Ministers to impress the minds of all their People with the Duty of owning the Covenant God of our Fathers; that those who have come under explicit and personal Engagements humbling themselves for all Breaches of their Vows, should be quickened to walk with God in all his Commandments and Ordinances, and that others should be reminded of their awful Neglects and urged to remember and own the Obligations they are laid under by God's Covenant, and improve the Privileges of it, and if any Churches or Congregations shall see fit and convenient publicly and *as a body* to renew their Covenant with God we should approve it; but must leave the Matter to the Prudence of Ministers and Churches to determine particularly for Themselves; At the same Time we would solemnly Charge ourselves, our Brethren in the Ministry and our People to be earnest in seeking and turning to God, and that bringing forth such Fruits as he requires we may have tokens for good, and still trust in his fatherly Kindness, that he will appear for this Land, scatter the dreadful Cloud that is over it, secure & perpetuate all its Rights and Privileges and cause the Churches here planted to flourish so long as the Sun and Moon shall endure.

Voted that the next Meeting of the General Association on the third Tuesday of June next be at the House of the Reverend Hezekiah Gould in Cornwall, and provided it should be inconvenient for Mr Gould to entertain them that the Association of Litchfield County appoint a Place and inform the other Associations.

At a general Association of the Pastors of the Consociated Churches of the Colony of Connecticut, convened by deligation at Cornwall in Connecticut June 18: 1776 —

Upon Motion made, it was voted that this Association will from Time to Time order to be printed and dispersed to the several Consociated Churches of this Colony whatever shall be transacted by them of general Concern to the Churches; and that when any thing is not published in this Manner, it is to be understood that nothing material of this Kind was transacted by the Association.

An ADDRESS of the General Association to the CONSO-CIATED PASTORS and CHURCHES in the Colony of Connecticut.

*Reverend and Beloved,*

*Deeply* impressed with a sense of the calamitous State in which our Land is involved: Reduced by the arbitrary edicts of the British Parliament, and the cruel and inhuman Methods used to inforce them to the sad Necessity of defending by Force and Arms those precious Privileges which our Fathers fled into this Wilderness quietly to enjoy: Declared Rebels by the British King and Parliament; Not only the Power of Britain, but a large Army of Foreign Mercenaries, hired at a most extravagant Price, employed to dragoon us into Obedience or rather abject Submission to Tyranny: Our Foreign Trade almost annihilated: Many of our Towns ruined and destroyed: Our Children, our Friends, our dearest Connections called from our Bosoms to the Field of Battle; and some of them captivated and enslaved by our cruel and insulting Foes: Detestible Parricides interspersed among us, aiming to give a fatal stab to the Country which gave them birth, and hath hitherto fostered them in her indulgent Bosom: And in many Places both at home and abroad deplorable Sickness wasting away the Inhabitants of our Land: Deeply impressed with a View of these dire Calamities, we are led anxiously to enquire what Sins and Iniquities prevalent in our Land have called down these heavy Judgments of Heaven upon us: Fully assured both from sacred Writ and the usual Method of the Dispensations of God's Providence, that such Calamities are ever the effects of abounding Sin and Iniquity, and that sincere Repentance,

and a thor'o Reformation is the only probable Method to avert these Tokens of Divine Wrath.

Upon serious Enquiry we find there is an awful Declension from that purity and Strictness both of Doctrine and Manners which characterized our Ancestors, whom God so signally planted, protected and defended in this Land. Many of the distinguishing Doctrines of the Gospel are treated by great Numbers not only with disregard and Neglect, but even with Contempt: Such as the Doctrines of the Sovereignty of divine Grace: Of the Necessity of a deep and thoro' Conviction of Sin, and of Conversion by the efficacious regenerating Influence of the divine Spirit: Of the necessity of internal Holiness in order to Salvation &c. But still greater is the awful Depravation of our Manners. God's Sabbaths which used in the primitive Ages of New England to be kept with a most exemplary Strictness, are now most impiously profaned: In many by slothful Absence from public Worship, or by unnecessary Travelling, Business, or Visiting on God's holy Day: In others by a careless, indolent and irreverent Attendance on public Worship; or by playful Diversions, especially of the younger Sort, even in the Time of divine Service: By spending the interims of public Worship in discoursing of public News or other secular Concerns. And the remainder of the Day, not appropriated to public Worship, instead of being spent in family Instruction and Worship, and the Duties of the Closet, is but too generally wasted away in slothful Indolence, or trifling Amusements. And so awfully is God's sacred Name profaned among us that the vices of profane Cursing and Swearing, which but lately were confined to a few despicable Wretches in our populous and trading Towns, contaminated by their Intercourse with Foreigners, have now penetrated the obscurest corners of our Country; so that even the most remote and obscure Villages will furnish each many Instances of Wretches expert in this Language of Hell: And in our Armies we have reason to fear that like a mighty Torrent it carries all before it. God's sacred Word is

treated by amazing Numbers as tho' unworthy their serious Attention : Few appear anxious to found their Faith upon its sacred Truths, or conform their Practice to its divine Precepts. The means of Religion we have been so highly favored with have been greatly abused. The Gospel of Jesus Christ we have Reason to fear receives a cordial Welcome from but very few. God's Ordinances are treated by vast Numbers with Neglect, and by not a few we fear with Contempt. Great Numbers, much the greater Part of the rising Generation, tho' dedicated to God in Infancy neglect to take upon themselves the Bonds of the Covenant, which can be construed in no other Light, than a denial of Christ. As a consequence of this their Children are undevoted to God in Baptism; and much the greater Part of our Congregations turn their Backs upon the holy Ordinance of the Lord's Supper. And in many of our Churches numerous are those who are guilty of the most glaring Contradiction in that they show no Concern for the Improvement of Religion in their own Souls by attending on the Ordinance of the Lord's Supper, while they appear anxious to devote their Children to God in Baptism. The Neglect of God's Worship in Families in a very growing and fashionable Sin; and as if the Hearts of Parents were hardened against the Fruit of their own Bowels — As if destitute of natural Affection, Parental Instructions in Religion, Counsels, Warnings and Restraints seem in great Measure to cease from among us. Many gross Immoralities shockingly abound, which are become so fashionable that in the estimation of many they almost cease to be Vices. Of this kind we may reckon *Intemperance*. How many wallow in the more than bestial sin of Drunkenness, and seek every Opportunity by the immoderate Use of Strong Drink to deprive themselves of Reason that distinguishing Badge of Humanity and reduce themselves to a level with the Brutes! Almost beyond Account have been the Quantities of strong Drink annually consumed in this Colony; and the mournful Complaints under the present Scarcity, show what a wretched Influence

it hath acquired over us. Uncleaness, with many Customs and practices leading thereto — Injustice — Fraud — Oppression — Extortion — Covetousness — Selfishness — A want of Love to our Country, and of a Disposition to prefer the great Interests of the Community to the little private Interests of our own — A Disposition to Anarchy while struggling for Liberty — Impatience under lawful and necessary Restraints — A boundless Freedom in censuring the Conduct and defaming the Characters of others, while that Christian Watchfulness and brotherly Reproof which the Gospel enjoins is almost fallen into disuse, and that wholesome Discipline which Christ hath appointed to be Kept up in his Church for the preventing and correcting of Immoralities seems in our Churches to be in a languishing, dying State.

And under all these Judgments and Calamities an awful Stupidity seems to prevail among all Ranks of Men: In a great Measure insensible of the Hand of God herein, while we are venting our Resentment against and loading with Imprecations the Instruments of our Sufferings: Attending to them rather as Injuries from Man, than the righteous Corrections of an holy God, justly provoked by our Sins. So far from being led to a general Repentance and Reformation by these awful Judgments, every Species of Wickedness seems rather increasing in our Land. A Confidence of Success seems to prevail, without a proportionate Concern to remove the procuring Cause of our Afflictions. These and the like, appear to us, upon serious Enquiry, to be the prevailing Sins of our Land.

Now the Voice of Revelation and Reason conspire to warn us against entertaining Expectations of a Restoration of our former Tranquility and Happiness, unless these abounding Sins and Iniquities, the procuring Cause of these Evils, be in some Measure removed. They jointly bid us expect accumulated Miseries and Destresses, till a general Reformation take Place. They equally join to encourage our Hopes, that, upon Virtue and Religion's flourishing again, God's Hand now so heavy upon us will be removed and our former Tranquility and Happiness be restored.

Tenderly concerned (as we would hope) for both the temporal and spiritual Interests of our dear Country, and fully convinced of the Necessity of our being deeply humbled under a Sense of our Sins, and of a general Reformation's taking Place, in Order to obtain and secure these invaluable Blessings; we hope we shall obtain the serious Attention of our Brethren in the Gospel Ministry, and their and our respective Churches, While we endeavor to unite our Voice with that of our civil Fathers in bearing our Testimony against these Heaven-provoking Sins, in resolving against them, and earnestly exhorting to sincere Repentance and Reformation.

We would earnestly exhort our brethren in the Ministry, at the same time resolving the same for ourselves, to labor abundently for the conviction of their Hearers of the prevalence of these and the like Iniquities: To urge every Argument and Motive to persuade to Repentance and Reformation; to dwell much in their preaching upon these seasonable and necessary Topics; to be painful and diligent in catechising and instructing the Children and Youth, with unremitting Importunity to call upon Parents to discharge their Duty to their dear Offspring; to use their utmost Endeavor to revive languishing Discipline; and especially by their own Example to recommend and enforce that Reformation, those Virtues and that Religion they teach the Necessity of.

We would earnestly request those to whom the Execution of our civil Laws are intrusted, to lend a helping Hand towards this necessary Reformation, by restraining open Immoralities by a due Execution of the Laws against them; especially against profane Cursing and Swearing, Sabbath-breaking and Intemperance; in which we fear there is a sinful Neglect; A vigorous Execution of the Laws may be a means to prevent the outward Deed, tho' it do not mend the Heart, and so may preserve others from the Contagion of general example. Let not such take it amiss, if we remind them that their Duty to God, their Duty to their Neighbour, and the solemn Oath they are under, do all oblige to this.

We would earnestly intreat the Professors of Religion, the

Members of our Churches, who are bound by God's sacred Covenant to a Life of Purity and Holiness, zealously to exert themselves to promote this necessary and important Work. The eyes of God and man are upon them ; God expects them to lead in this Work : Their Vows, their Privileges lay them under the highest Obligations thereto. If forward in this Work, their example may have the most salutary Effects ; if backward, in all Probability will be an insurmountable Obstacle. 'Tis to be feared that some if not most of the Sins mentioned as abounding in our Land are to be found with some of this Number. Let the guilty be exhorted to sincere Repentance and Reformation ; to render their Reformation visible to those around them, that their Light may shine before others, and their Example powerfully draw them to Immitation. Let every one faithfully bear Testimony against these abounding Sins ; by prudent Advice, Council, Warning and Reproof, laboring to bring others to join in this wished for Reformation. And as it lies with them principally to revive the languishing Discipline of our Churches, let them be exhorted faithfully to execute the Laws of our dear Redeemer who alone is King and Lawgiver in his Church. And as many who profess the Religion of Jesus, do as we apprehend, shamefully contradict it in their Practice, by refusing to commemorate the dying Love of our dear Redeemer, we would exhort such carefully to examine whether they have any just ground for making such a Distinction between the Ordinances of our Lord and Saviour ; and whether the Practice be not a virtual Contradiction of their Profession ; That they would with sincere and honest Hearts practice all the Commands of our dear Saviour and thus show forth that they are genuine Disciples of the blessed Jesus.

As the rising Generation, who are under the special Instruction, Direction and Government of their Parents, are at present an important Part of the Community, and will soon succeed in Place of those who are continually going off the Stage of action, Parents and Heads of Families have a most

important Part to act in effecting (under God) this so much desired Reformation. We would therefore earnestly intreat Parents, as they regard the Interests of Religion; as they regard the Interest and Happiness of their distressed Country; as they have any Bowels of Compassion toward their dear and beloved Offspring; that they would be faithful in instructing their Children and those under their Care in the Principles of Virtue and Religion — in enforcing upon them by every Argument and Motive the Practice of it; in keeping strict Order, Regularity and Government in their Families; in counselling, warning and restraining them when needful; that they may be educated in the Nurture and Admonition of the Lord; that being trained up in the Ways of Religion and Virtue, they may (by God's blessing) become orderly and wholesome Members of Society, and Plants of Renown in the Vineyard of our Lord and Saviour.

And as the future Hopes both of the temporal and Spiritual Prosperity of our Country are so much founded upon the rising Generation we would be importunate with the Youth of our Churches and Congregations heartily to join in this necessary and important Work of Reformation — That they would seriously consider they have a greater Interest in the Prosperity of their Country than those more advanced in Years: That the important Betrustment now lodged with their parents of transmitting the Blessings of Religion and Liberty to Posterity will soon devolve upon them; That they have immortal Souls bound to an Eternity of Happiness or Misery: That not only their own temporal and eternal Interests, but in some Degree also that of Thousands and Millions yet unborn will probably, in a great Degree, if not altogether, depend on the Resolution they now take, whether to join in this important Work, to renounce their Vices, Follies and Vanities and sincerely embrace & Practice the Religion of Jesus, to which they are bound by the most solemn Ties of God's Covenant, which they are laid under by Baptism: Or to continue in the Indulgence of those youthful Sins, which call down the Vengeance of Heaven upon our guilty Land:—

That they would hear the Voice of God now speaking to us in Accents of Thunder, and awake to Thoughtfulness, Seriousness and Religion.

And we would earnestly request of Ministers, of Professors, of Parents & Children, that they would one and all unite (in such Manner & so often as shall be judged best and most convenient) with penitent Hearts, to confess and deplore their Sins before Almighty God, and implore his gracious Interposition in this Day of great Calamity and Danger, to deliver us from our present Troubles, restore us to our former State of Tranquility and Happiness, and that we may be and ever continue a People to his Praise and Glory.

The Rev. Mr. Bartlet was chosen Moderator, Mr Wales Scribe. The Rev'd Robert Silliman then joined the Body.

The Preacher who had been appointed, not being present, the Rev<sup>d</sup> Mr. Huntington was appointed in his Room.

Mr. Huntington opened the Meeting by a public religious Exercise, delivering a Sermon from Isa. 42 Chap. the three last verses.

The western Association in New London desiring the Advice of this Body with Regard to reprinting a Pamphlet giving the Reasons for which our non-conforming Progenitors dissented from the Conformists in England, the Pamphlet being read the further Consideration of it was defferred 'till tomorrow.

Adjourned till to morrow morning 8 o'clock. Wednesday Morning 8 o'clock June 18<sup>th</sup> *post Preces sederunt qui supra.*

Mr Ross and Mr Williams were appointed to make a Draught expressing the Sense of this Board with Regard to the above mentioned motion. The Draught was as follows, viz:

A Motion was from the Western Association in New London County about reprinting a Letter from some aged Non-conforming Ministers (as by the Copy of the Vote of said Association on Record may more fully appear) the general Association read over said Letter and think it very worthy to be preserved in our Churches to the latest Posterity: But inasmuch as the expense of Printing at this Time would be uncommonly great, and the attention of the Country is so much necessarily taken up about the present War; we are of opinion (for these and other weighty reasons) it will better answer the desirable ends proposed to have it printed at some future Time. And we earnestly request the said the Western Association to procure said Letter and transmit it to the Register of this Body, that it may be sent by him along with the Records to the General Association from Time to Time.

This Association then, taking into their serious Consideration the great and deplorable Neglect of the duties of Religion in general, and that important one of family Religion in particular, even in this Day of sore Rebuke, in which an holy

God is clearly testifying his high Displeasure against us, and loudly calling us to Repentance and thoro' Reformation, and a diligent earnest seeking after God in all the ways of his appointment; do therefore beg Leave to recommend to the ministers and People in this State, to exert themselves in their several Stations to encourage and promote a Reformation with Regard to that great Duty. As a means to that End we think the Reprinting a serious Address of Dr P. Doddridge to a Master of a Family on that subject reasonable and of public Utility: And for that end publish the following Proposals for reprinting by Subscription, said Address. It will be contained on about two sheets. For effecting the abovesaid Republication, we the Subscribers do hereby promise and engage to take off the Books we severally subscribe for, and pay the Money on the Delivery of said Books.

P. S. It is recommended to Ministers in this State to use their influence to promote the Design in the several Parishes.

Mr. Joseph Strong, Mr Huntington, Mr Williams and Mr Strong of Hartford, are appointed Managers to carry the design into Effect. The following Gentlemen are appointed to take in Subscriptions, and send them to the Managers, viz: Messrs Ross of Stratfield, Edwards of New Haven, Gold of Cornwall, Huntington of Coventry, And Silliman of Say-Brook.

N. B. If three hundred Subscribers appear the Publication not to fail.

The next General Association is appointed to be held at the House of the Rev.<sup>d</sup> Warham Williams in Northford on the third Tuesday in June 1778.

The above and foregoing passed as the Doings of this Association. The meeting was then concluded with Prayer by the Rev.<sup>d</sup> Mr Silliman at the Desire of the Moderator.

Mr. Trumbull register of the general Association represented to the Body that he could not go on in the Business of his Office on account of his not being able to procure the original Manuscript of the doings of the Association in 1776 — Mr Baldwin the Scribe of said Association having departed this Life — And it was thereupon *Voted* that Mr Waterman be desired to apply to Mr Baldwin, Father of the deceased for said Manuscript — And in case it cannot be

recovered Mr Trumbull is directed to record the printed Address of the above-mentioned Association to the Churches.

The Rev<sup>d</sup> Aaron Kinne then joined the Body.<sup>2</sup>

It being represented to this Association that a Sum of Money subscribed for the purpose of sending Missionaries to preach the Gospel in the Settlements forming and formed to the North and Northwestward of this State, is in the hands of several Gentlemen in Continental Bills and Silver — Mr Warham Williams is hereby empowered and directed to receive and put the continental Money into the Loan Office — And Mr Benjamin Trumbull is desired to Keep the Silver money in his possession for the present.

June 17<sup>th</sup> met according to Adjournment. The Association viewing with deep Concern the growing immoralities of the present Times and the great danger our Youth and Children are in of being affected with diffusive Corruptions — do recommend to the respective Associations to consult what can be done for the Prevention of the spreading Infection among our Youth, and for the promoting of seriousness and Learning among Children in a parental way and also in our private Schools.

The Association having been informed that the Rev<sup>d</sup> Mr Edwards of New Haven has transcribed a Number of his Father's Sermons, upon the Desire of Several Gentlemen in Scotland, to be printed there, and it being unlikely in the present State of Things that these Sermons can be sent to Scotland. — *Voted* to recommend it to Mr Edwards to send printed subscription papers to the several Ministers of this State in Order to procure subscriptions for a small Volume of said Sermons. And we are of Opinion that the publishing

such a Volume will be of great advantage to the Interests of Religion among our People. And also hope that this will prepare the way for printing the whole of the above-mentioned discourses.

The next general Association is appointed to be at Hadam at the House of the Rev<sup>d</sup> Mr May.

The above Voted unanimously to be the Doings of the Association — And the whole concluded with Prayer by the Moderator.

The Rev<sup>d</sup> Dr Pomeroy was chosen Moderator & Mr Ely Scribe. Several Gentlemen being occasionally present were invited to sit with the Association.

The Association was then opened by the Moderator with a Sermon from Isa. xvi: 4, 5, which was succeeded after an intermission of 20 Minutes by a Sermon from the Rev<sup>d</sup> Mr Tennant from Dan. iii. 17, 18.

The Rev<sup>d</sup> Messrs Beckwith and Kenny joined the Association.

A Motion from the West Association in New London County, was then laid before the Association by their Delegates to this effect — “Considering the dark Aspect upon our Churches in the Discouragement lying upon Candidates entering into the Ministry, and the present distress and difficulties of them that are already in office — from whence we fear these Churches may be left without Lights in the Candlestick — We instruct our Delegates to lay our Sentiments before the general Association, and join (if it be thought proper) to call a Convention of the Clergy of the State, appointing Time and place where it may be thought most convenient to deliberate upon this subject. — Two things have been upon our Mind: viz, That an Address be made to the Rulers and People of this State, showing our apprehension of the Danger, and the Propriety of some Exertions to save the Churches from Ruin. — Or that a modest, dutiful Representation be made to the Hon<sup>bl</sup> Assembly of this State, in their next session in October, of these our Apprehensions — praying their Honors to take the same into Consideration — and do as Wisdom may direct.”

The motion was taken up, seriously considered, largely discussed. The Association then adjourned till tomorrow Morning 7 o’Clock.

Wednesday morning met according to adjournment. Resumed the motion that was under Consideration last Evening. After a full Discussion, these Questions were proposed viz: 1<sup>st</sup> Ques. Whether it be the minds of this Body that a Con-

vention of the Clergy of this State, out of the several Associations to meet at some convenient Time & Place be called by this Body to take into Consideration the State of the Churches? — passed in the Negative.

2<sup>nd</sup> Ques. proposed, Whether it be the mind of this Body at this Session, that they make an Address to the people at large? — passed in the Affirmative. A Committee was then appointed to form an Address — The Gentlemen appointed were the Rev<sup>d</sup> Mess.<sup>rs</sup> Johnson, Ross, Bray & Lewis.

The Committee appointed to prepare an Address to the people at large made their report. Their Draught was read. The Question then proposed was Whether this Board approves of the Address and order it to be printed and recommend the same to be publicly read in the several Congregations thro' the State? Passed in the Affirmative.

The next Question proposed was — Whether the next general Association should meet at M<sup>r</sup> Williams's of Tolland? Passed in the affirmative.

A motion was made to appoint Committees to prepare Draughts for an Address to the Hon<sup>ble</sup> General Assembly, which they should lay before this Board at their next Meeting. It was put to vote Whether M<sup>r</sup> Bray and M<sup>r</sup> Waterman should be one of those Committees? Passed in the Affirmative. — Put to Vote Whether M<sup>r</sup> Ross and M<sup>r</sup> Tenant should be the other Committee? Passed in the Affirmative.

It was then put to Vote Whether this Board would appoint M<sup>r</sup> Bray to correct and see printed the foregoing Address? Passed in the Affirmative. It was then voted to adjourn this Association 'till the 2<sup>nd</sup> Wednesday in September next to meet at New Haven in the College Chapel 9 o'Clock A. M.

The foregoing was read and Voted as the Minutes of the Association.

By the Order of the Moderator, the Association was then adjourned 'till the Time, and at the place above mentioned.

The Rev<sup>d</sup> Mr Lockwood was chosen Moderator and Joseph Huntington Scribe.

The Association was opened with prayer by the Rev<sup>d</sup> Mr Ross and a Sermon by the Rev<sup>d</sup> Mr Hinsdale, for which thanks were in form returned by the body.

A motion was then made by the Delegates from Windham County in favor of the promotion of Family religion, public renewal of Covenant with God &c. as contained in a Writing bearing date May 16<sup>th</sup> 1780.

This Association having duly considered the lamentable

---

declention which appears among the people of God, both in doctrine, manners and discipline do earnestly recommend that each particular association, or the ministers thereof, in smaller districts, as shall be by them deemed most convenient, speedily convene together for the purpose of solemn fasting and prayer to Almighty God for themselves, their people and for the inhabitants of the Land, in this day of abounding iniquity under the awful Judgments of the Most High; and to bewail before him the manifold abominations, whereby we have provoked his holy and awful indignation; to humble themselves in his presence, and, as in dust and ashes, implore his mercy for his people: — That for his own name sake, and for the displays of his own glory, he would be pleased to visit all the inhabitants of the Land with the efficacious energy of his holy spirit, that true religion may universally revive in the power and glory of it, and that all our abounding vices and immoralities may be effectually suppressed.

We further advise, that each particular association do, as shall appear to them most proper and becoming stir up themselves and one another, and address all, ages and characters of people under their spiritual watch and care in such a solemn and particular manner, as shall appear to them best adapted for the awakening, instruction, and reformation of this stupid and backsliding generation: — That they earnestly exhort every one to forsake their sins and turn to the God of their Fathers and prepare to meet Him with unfeigned repentance, holy submission, and an intire dedication of themselves to him, now he is coming out against us in the terrors of his Wrath, and not meeting us as a man.

We do also judge it is agreeable with the Will of heaven, at this day, that, according to the frequent practice of the people of God, in ages past, and which he has always approved by gracious Manifestations of acceptance, the ministers of the Gospel do call on the people of their charge, by fasting and prayer to humble themselves under the mighty hand of

God, to put away all their sins and openly, explicitly and speedily to acknowledge as the God of their Fathers, and their God, in that relation, in which they respectively stand, whether as those who have openly avouched the Lord Jehovah as their God and everlasting Portion, and that eat and drink with Christ at his sacred Table, or as those who have received the ordinance of Baptism for themselves and children; or if they are only distinguished from the nations that know not God, by having their lot in a valley of Vision, and under the glorious light of the Gospel and calls of redeeming love:— That all may know the bonds of God that are upon them respectively, and be sensible how much he reasonably requires of them, in grateful and dutiful returns for all his benefits.

We do also advise that each association and each minister of the Gospel, in particular, with becoming zeal for the honor of Christ, and the good of his people exert themselves for the revival of discipline in the Church, watching over each other in love, and striving together according to the rules of the Gospel, that all who have the vows of God upon them may know and regard their Duty in all things:— And, that all labor for those things that in the Way of pure religion make for peace, that the God of peace may return to us, in his great mercy and dwell with us, as the Glory of his people in the midst of them, and be our almighty protector, as a Wall of fire about us on every side.

Considering that several pastors and Churches in diverse parts of the Land, with whom we have been united in the bonds of christian and ministerial fellowship have of late gone into practices whose direct tendency is sensibly to wound the tender ties of Charity which have connected us together, and bring on a disunion, particularly in refusing intercourse of ministerial Labors, and to receive our members, on recommendation from the pastors and churches to which they belonged, to their Communion, without a particular and personal examination.

This association think ourselves called upon to declare that we view those practices of our dearly beloved brethren and

their Churches with deep concern and grief, as we deem the differences on which they proceed, as by no means sufficient to render a separation between us either necessary or warrantable, and that we are ready notwithstanding to receive them in the Lord and to the utmost of our power and Opportunity to cultivate harmony and Communion with them in all things wherein we are or may be agreed, and to endeavour a removal of our unhappy differences, in due time, in that Spirit of meekness, humility, prudence and moderation which the gospel requires, or if that should be found impracticable, to bear and conduct our differences in the same spirit.

And we do earnestly recommend it to our brethren of the several associations to cultivate the same spirit and walk in the same Line of prudent Christian Conduct towards those well meaning, but as we apprehend over scrupulous, though still beloved ministers and churches, who have adopted the above mentioned grievous practices.

Voted that the Scribe be desired to make public this Clause in the result as opportunity may present.

Voted that Messrs Rowland of Windsor and Strong of Symsbury be recommended by the Moderator or Scribe in the name of this association to go and preach the Gospel to those who are destitute of it in the State of Vermont, so called, and parts adjacent.

Voted that the next general Association be at the House of the Rev<sup>d</sup> Mr Stone of Lebanon.

Signed by order of the Association

A Sermon was preached by M<sup>r</sup> Day from John 17: 21, 22, 23<sup>vs</sup>. The Rev<sup>d</sup> Joel Benedict joined the Association. Adjourned till 7 o'Clock tomorrow morning.

Wednesday June 20<sup>th</sup>. Met according to adjournment. Ordered that an address be drawn up to our brethren in the ministry which is as followeth.

This association taking into consideration the duty of prayer as very suitable and important for God's people at all times, but especially when the daughter of Zion is covered with a Cloud as at the present day, and that special, united and earnest prayer, with perseverance in it is both our great privilege and duty when under peculiar and trying dispensations of divine providence; do cheerfully unite and engage for ourselves, and most seriously recommend to all our

Brethren in the ministry, through this State, to stir up themselves and the people of their respective charges to fervency and perseverance in prayer. Especially that they would lead the way and use their influence with their respective congregations to set apart weekly some little portion of Time for special prayer to our covenant God ; That he would gloriously display himself for the deliverance of this people, and for the building up and prosperity of Zion. We should think that as great a Union as may be, respecting the time of this duty might be very suitable ; and would recommend a general Rule, Wednesday of each week a little before evening. But leaving our Brethren to choose for themselves as to the time, and the frequency of it, we do with affection and earnestness recommend the duty itself. We ought always to pray and not to faint. Have we not peculiar reasons for special prayer at this day ? Have we not all possible encouragement to the sweet and precious duty from every manifestation of our gracious God ? Has the great Head of the Church in past times been a Wilderness and a land of drought unto his people ? O let us never say unto him in heart or in conduct, we will come no more unto thee.

Voted that copies of this address be sent out from this association to our several brethren in the ministry through the State, and that all or any of them be desired to assist us in this matter as they shall have opportunity.

Voted that the next general association be at the house of the Rev<sup>d</sup> Mr of Ripton, in Stratford on the third Tuesday in June next. concluded with prayer.

### 1783.

The General Association of the State of Connecticut met at the House of the Reverend Mr Johnson in Lyme on the 17<sup>th</sup> Day of June AD 1783

Present —

The Reverend Messieurs {	James Cogswell
	Stephen Johnson
	Warham Williams
	Cotton Mather Smith
	Josiah Whitney
	Eleazer May
	Elizur Goodrich
	Theodore Hinsdale
	Elijah Parsons (¹.)
David Ely and	
Nathan Perkins (².)	

The Reverend Mr Cogswell was chosen Moderator, and Mr Goodrich was chosen Scribe.

The Association was opened with prayer offered by the moderator.

The Reverend Mr Dunning, who was appointed to preach on the occasion, being absent, the Rev<sup>d</sup> Mr Whitney was desired to perform that Service.

The General Association took into consideration the proposed alteration of the time of its meeting, and having heard

the opinion and sentiments of the several particular Associations, as communicated by the members present, this association is unanimously of the opinion, that an alteration of the time of its meeting is inexpedient and therefore that the General Association shall continue to meet on the Third Tuesday of June as usual.

The Rev<sup>d</sup>. Mr. Aaron Kinne joined the association. *Voted* unanimously, That it be recommended to the particular associations that the Recommendations of Candidates for preaching the Gospel be limited for the space of four years, and that the limitation be expressed in the recommendation, and provided the candidates shall not be settled in the ministry within that term, and yet still aim to continue in the business of preaching, that they apply for a renewal of their recommendation, either to the association which gave them the former recommendation, or to that in which they mostly reside.

The following questions were proposed to this association by the Eastern association in New London County.

1<sup>st</sup>. What is the duty of ministers when invited to sit in council with separate preachers to advise in matters respecting a union between Brethren of the standing churches and those of the separate preachers?

2. Is it matter of duty and expediency to introduce any of the separate preachers into the ministry if they will submit to regular Ordination?

3. What shall be done respecting our destitute Churches and congregations whose resettlement in the enjoyment of gospel ordinances is improbable?

The General Association having considered these Questions is unanimously of opinion in respect of the first Question, That regular ministers should not set in council with separate preachers in any such form as shall expressly or constructively approve or own such separate preachers, in the character of ministers properly authorized according to the gospel constitution.

In regard to the second Question, the general association

is unanimously of the opinion that however there may possibly be cases in which those who have been separate preachers, on proper application being found on trial and examination by some regular association, or by a council of regular ministers and churches, to renounce their separatist principles and practices and to be otherwise qualified may be admitted to regular ordination, yet considering the dangerous nature and pernicious effects of those principles and practices, if any of those preachers are ever admitted to regular ordination it ought to be done with great caution, and not until such preachers have reconciled themselves to the churches from which they have separated, which is therefore earnestly recommended to the several associations in all such cases as may arise, and to all councils who may be concerned in them.

The General Association in consideration of the third Question unanimously recommend to the several Associations in which such vacant churches and congregations are found to afford them all the assistance they can with convenience, especially by preaching frequent Lectures among them, and administering the ordinances of the gospel as often as may be.

At the same time the General association earnestly recommend to all such churches and congregations the most serious attention to their State and the awful danger they are in of exposing themselves to the displeasure of the great Head and King of the Church, while they live destitute of a settled gospel ministry and ordinances, and without taking suitable pains to enjoy them, and that they be exhorted to use all proper means to resettle the gospel ministry : and the particular associations are desired to notify this recommendation to such vacant churches and join their recommendation to this. The General Association is further of Opinion that the matter is of so great and serious importance as to require the attention of ministers and people in general ; and therefore the general Association appoint the Reverend Messieurs Cotton Mather Smith, Robert Ross, Eleazer May, John Devotion, Theodore Hinsdale, Levi Hart, Timothy Stone, Isaac Lewis and Samuel Walls a committee to consider the matter at

large. The Committee is desired to obtain the best advice they can of ministers and other Gentlemen of Character in this State, as to what further measures may be expedient, and make report to the next General Association.

The first meeting of the Committee is appointed to be at Yale College in New Haven the day after Commencement at 9 oClock in the morning.

The next General Association is appointed to meet at the House of the Rev<sup>d</sup> Samuel John Mills in Torrington in the County of Litchfield at 11 oClock in the Forenoon of the third Tuesday of June next.

Rev<sup>d</sup> Mr Pitkin was chosen moderator of the General Association.

Mr Justus Mitchell was chosen Scribe.

\* June 15<sup>th</sup>.

The association was opened by the public service performed by Mr Day.

A report of the Committee appointed by the last General Association, to attend to the state of destitute churches, was laid before this association, and after an amendment was adopted, as follows.

A Committee having been appointed by this Body at their last Session to take into consideration the condition of the destitute Churches in this State, in order to their supply; and said Committee having reported what appeared to them the most eligible method of treating those destitute *Churches*, which neglect a becoming care for the enjoyment of Gospel ordinances, and their resettlement among them.

On hearing the report of said Committee, this association, after deliberating and conversing largely upon the subject, is of opinion, that in cases where there may be reason to apprehend a faulty neglect of proper endeavours, in any destitute Church to settle a minister over them in the Lord, it is the duty of those pastors, who are in the vicinity, to take with them some respectable characters from among the brethren of their churches, and obtain a Conference with the members of such destitute church, and in a candid Christian manner enquire into the causes of their neglect; and if they shall find them guilty of censurable negligence, to inculcate upon them the importance of gospel ordinances, and (if possible) to persuade them to pay a proper attention to the matter, and if such measures should prove ineffectual, and said Church continue criminally negligent, after due pains taken, that it is the duty of such neighbouring pastors and brethren, to exhibit a complaint against such church to the moderator of the Consociation to which it belongs, if consociated, that it may be dealt with as walking disorderly, and cut off from the Body if irreclaimable; and if said church be unconsociated that it is the duty of the churches in communion with it to withdraw communion from it, if found pertinaciously offending against the Laws of Christ in the above particular. But that those individuals of such offending Church, as appear disposed to walk orderly, if any such

there be, ought to be taken under the protection of neighboring sister Churches, or the consociation, if consociated.

The association adjourned till seven o'clock tomorrow morning. The Association met according to adjournment. The Scribe was appointed to transcribe the report, and send one to each association in this State.

The next General Association is appointed to be attended on the third Tuesday in June next, at the House of Mr. Samuel Nott, in the 2<sup>d</sup> Society of Norwich, and eastern Association in the County of New London.

\* June 21.

The Association was opened with prayer by the moderator. Upon representation that the Lecture the day after Commencement at New Haven is not attended upon by ministers in general and thereby the design thereof is much frustrated, the opinion of this association is asked, whether it is advisable said Lecture be continued? This Association taking into consideration the general design thereof, are unwilling it should be discontinued; therefore would earnestly recommend it to the particular Associations to desire those of their Body who may attend Commencements, not to suffer any little inconvenience to prevent their attendance upon a service peculiarly designed for their profit; lest they give occasion to its being said that ministers are as unmindful of obligations to attend religious services as others.

The following questions were proposed to the Association.

1. Whether the practice of inviting young Gentlemen to preach, and recommending them to the Work of the ministry before they have been examined and approved by Associations or their Committee be regular?

Voted in the Negative.

2. Whether the late Ordination of one Mr Day at Killingly performed by Messrs Cleveland, Bradford, Snow, Park and Spalding ought to be acknowledged regular? Voted in the negative.

Resolved by this Body, that the practice of marrying persons not having their intentions of marriage published as the law directs is irregular and of pernicious tendency; and trust that ministers will not join any in marriage before they have observed the steps of the law in this matter.

The salvation of these souls is precious. The following is the copy of Minutes found by Brother David D. Field, and by him left with the Register, suggesting a seeming expediency of their entry, somewhere, among the records of Connecticut General Association, viz. :

At a convention of the committees of the General Assembly of the Presbyterian church in the United States of America, & the General Association of the State of Connecticut, on Wednesday, the 11<sup>th</sup> of September, 1791, in the Chapel of Yale College: Present —

Rev. Mess<sup>rs</sup> John Witherspoon D.D., Alexander M<sup>c</sup>Whorter D.D. & Jedidiah Chapman, members of the committee from the General Assembly: &

Rev. Mess<sup>rs</sup> Elizur Goodrich D.D., Benjamin Trumbull, Levi Hart, Jonathan Edwards D.D., Timothy Dwight D.D., members of the committee from the General Association.

The convention was opened with prayer by Dr. Witherspoon.

Dr. Rogers was chosen Chairman, & Dr. Dwight Scribe. Dr. Rogers not being in the house, Dr. M<sup>c</sup>Whorter was requested to take the chair.

After conversing, sometime, on the business of the meeting, the convention was adjourned until tomorrow at three o'clock P. M.—prayer being made by Dr. M<sup>c</sup>Whorter.

Thursday 3 o'clock P. M., the convention met, according to adjournment. Dr. Rogers & Mr. Tennant were present & the meeting was opened with prayer by Dr. Rogers.

An extract from the minutes of the convention of the Massachusetts congregational Ministers, May 26, 1791, was read & is as follows viz :

In convention of the Massachusetts congregational Ministers May 26<sup>th</sup> 1791, an address, signed Elizur Goodrich & Enoch Huntington, respecting a general union of the congregational & presbyterian churches, throughout the United States of America, proposed by the General Association of the State of Connecticut, was read: Whereupon, Voted. That the Rev. Dr. Willard, the Rev. Dr. Howard, the Rev. Mr. Haven, the Rev. Mr. Belknap, & the Rev. Mr. Bradford, be a committee of correspondence on the subject.

Attest JOHN CLARK, Scribe.

Dr. Stiles joined the convention — After deliberating on the objects of the meeting, a committee, consisting of Dr. McWhorter, Mr. Chapman, Mr. Trumbull, Mr. Hart and the Scribe, was appointed to prepare a draught, & report it, tomorrow morning.

The convention was then adjourned until tomorrow morning, at nine o'clock, then to meet in the chapel, & concluded with prayer.

Friday morning, 9 o'clock, the convention met according to adjournment, & the meeting was opened with prayer.

The committee appointed yesterday, brought in their report; which being read, considered, amended, & approved is as follows, viz:

Considering the importance of union & harmony in the christian Church, & the duty incumbent on all its pastors & ministers to assist each other, in promoting, as far as possible, the general interests of the Redeemers kingdom; & considering, further, that divine providence appears to be now opening the door for pursuing these invaluable objects, with a happy prospect of success:

This convention are of opinion, that it will be conducive to these important ends, that a standing committee of correspondence be appointed, in each Body, whose duty it shall be, by frequent Letters, to communicate to each other, whatever may be mutually useful to the churches, under their care, & to general interests of the Redeemers kingdom;

That each Body should from time to time appoint a committee consisting of\* — (Here is a blank in the original Minutes, to which the following note in the margin, seems directly appended, viz: The blank marked with an asterisk, was, through a mistake, not filled up; & the convention was dissolved, before this mistake was discovered. But six of the gentlemen of the convention, viz: 3 of each committee, unanimously gave their opinion, that it would be most advantageously filled up by the word *Three*) who shall have right to sit in the other's general meeting, — make such communications as shall be directed by their respective con-

stituents — & deliberate on such matters as shall come before the Body; but shall have no right to vote: that effectual measures be mutually taken to prevent injuries to the respective churches from irregular & unauthorized preachers; to promote this end, the convention judge it expedient, that every preacher, travelling from the limits of one of these churches into those of the other; shall be furnished with recent testimonials of his regular standing, & good character as a preacher, signed by the Moderator of the Presbytery, or of the Association, in which he received his license, or, if a Minister, of his good standing & character, as such, from the Moderator of the Presbytery, or Association, where he last resided; & that he shall — previously to his travelling, as a preacher, into distant parts, further receive a recommendation from one member, at least, of a standing committee to be hereafter appointed by each Body, certifying his good qualifications, as a preacher: also that the names of this standing committee shall be mutually communicated: & also, that every travelling, & recommended, as above, & submitting to the stated rules of the respective churches, shall be received as authorized preachers of the gospel, & cheerfully taken under the patronage of the Presbytery, or Association, within whose limits he shall find employment, as a preacher: & that the proceedings of the respective Bodies, on this report, be communicated to our Brethren of the congregational & presbyterian churches, throughout these States. . . . .

The convention then — being concluded with prayer, by the chairman was dissolved. . . . . The above are true Minutes of the proceedings of the convention.

Attest JOHN ROGERS, } Chairman of the  
  } Convention
